ANTIKAMNIA PREPARATIONS

REGISTERED SEPT. 3, 1890

ANTIKAMNIA TABLETS

FIVE GRAINS EACH.

Particularly useful in all Headaches, La Grippe. Neuralgias, Toothache and pain about the teeth, and also in all pain due to suppressed or irregular menstruation.

ANTIKAMNIA & CODEINE TABLETS

(4¾ gr. Antikamnia, ¼ gr. Sulph. Codeine)

ONE SIZE ONLY.

This tablet presents a most meritorious combination, especially useful in affections of the respiratory tract, neuroses of the larynx, la grippe, influenza, etc.

ANTIKAMNIA & HEROIN TABLETS

(5 gr. Antikamnia, 1-12 gr. Heroin Hydrochloride)

ONE SIZE ONLY.

Have no equal in relieving Coughs, Bronchitis, Laryngitis, Pneumonia, Whooping Cough, Phthisis, Asthma and all Respiratory Affections. Expectoration rendered easy without untoward after-affect.

ANTIKAMNIA & QUININE TABLETS

(2½ gr. Antikamnia, 2½ gr. Bisulph. Quinine)

ONE SIZE ONLY.

The therapeutic action of Antikamnia and Quinine is so well understood that the practical uses of this tablet are apparent at once. The Antikamnia prevents the ebriety and ringing sensation produced by Quinine alone.

ANTIKAMNIA & SALOL TABLETS

(2½ gr. Antikamnia, 2½ gr. Salol)

ONE SIZE ONLY.

Hare says: "Salol renders the intestinal canal antiseptic and is the most valued drug in the intestinal affections." Hence this tablet is very useful in Dysentery, Indigestion, Cholera Morbus, Diarrhœa, Colic, and all conditions due to intestinal fermentation. Excellent in all Rheumatic and Gouty conditions.

ANTIKAMNIA, QUININE & SALOL TABLETS

(2 gr. Antikamnia, 2 gr. Bisulph. Quinine, 1 gr. Salol)

ONE SIZE ONLY.

Indicated whenever it is desired to relieve pain, administer an antiseptic, and give a tonic in Grippal, Malarial or Rheumatic conditions.

LAXATIVE ANTIKAMNIA TABLETS

(Aloin 1-32 gr., Podophyllin 1-32 gr., Ext. Belladonna 1-32 gr., Cascarin ⅛ gr., Antikamnia 4¾ gr.)

ONE SIZE ONLY.

A Laxative-Analgesic and Antipyretic. Excellent in constipation and in all disorders of the stomach and bowels which are produced by a "sleepy liver,"

LAXATIVE ANTIKAMNIA & QUININE TABLETS

(Aloin 1-32 gr., Podophyllin 1-32 gr., Ext. Belladonna 1-32 gr., Cascarin ⅛ gr., Quinine Bisulph 1¾ gr., Antikamnia 3 gr.)

ONE SIZE ONLY.

A Tonic-Laxative-Analgesic and Antipyretic. This tablet is receiving general recognition as a most reliable remedy for Colds, Coryza, La Grippe, Influenza, Etc.

ANTIKAMNIA, POWDERED

"PORCELAIN ENAMEL PAINT"

(REGISTERED TRADEMARK)

Not genuine unless bearing WHITE LABEL and our name.

"The only aseptic Paint made by anybody." When applied in three coats to walls, ceilings, wood, brick, stone or hospital furniture it covers them with a coating of Porcelain. Costs less than tiling and makes a uniform surface without interstices. Cheaper in the long run than paint or varnish enamels.

PORCELINE

(REGISTERED TRADEMARK.)

Not genuine unless bearing RED LABEL and our name.

"The highest grade Varnish Enamel in the market." Is more durable than its imitations; but being made from varnish (of our own manufacture) it cannot be expected to be, and is NOT ASEPTIC. It is cheaper and more easily applied than "Porcelain Enamel Paint," and is therefore given preference by painters and dealers.

RINALD BROS. O. & I. SCOTCH ENAMEL

More durable on exterior and interior than white lead and of better body. Two coats of O. & I. Scotch Enamel will do the work of three coats of white lead.

THE Keeley Cure

The world wide fame of the system of treatment discovered and devised by the late Dr. Leslie E. Keeley is **earned** by its world wide success in relieving over a quarter of a million people from all necessity, craving and desire for **Alcoholic** liquors, **Morphine** and other drug addictions, **Cigarette** and **Tobacco** using. Also cures Neurasthenia. Dr. J. E. Blaine, the Physician and Manager of the Keeley Institute of St. Louis, was for eight years the Chief of Dr. Keeley's Medical Staff at Dwight, Ill. No one has a larger or more complete experience in the management and treatment of these addictions than Dr. Blaine. This Institute is most centrally located and complete in every particular. Everything is adapted to make the patient's residence pleasant as well as profitable, with freedom from unpleasant associations, restrictions or publicity. Mental and physical vigor restored. Remedies are absolutely free from injurious or harmful drugs. Home Treatment for Tobacco and Neurasthenia.

"NATURAL TREATMENT"

FOR RECTAL DISEASES AND THEIR COMPLICATIONS

The most successful method known.

The only method which leaves the tissues in the perfect condition existing prior to the disease.

Strictly restorative, not destructive.

The only method which dissolves the pus walls of Fistulæ and encourages the organization of healthy tissue throughout the canal.

The only method that disorganizes the abnormal Hemorrhoidal growth and replaces the tissues beyond a suspicion of previous trouble.

The only method of preventing the formation of cicatrices.

The method which has disclosed the fallacy of valves in the Rectum, the vagaries in diagnosis of Rectal Diseases, the absurdity of dilatation, exploded trifling theories, and illustrates the importance of practical scientific principles as opposed to the imaginary.

SAUNDERS' SUCCESSFUL BOOKS

Bickham's Operative Surgery

JUST ISSUED

A Text-Book of Operative Surgery. Covering the Surgical Anatomy and Operative Technic Involved in the Operations of General Surgery. By WARREN STONE BICKHAM, PHAR. M., M. D., Assistant Instructor in Operative Surgery, College of Physicians and Surgeons, New York. Handsome octavo of 984 pages, with 559 illustrations, entirely original. Cloth, $6.00 net; Sheep or Half Morroco, $7.00 net.

"A somewhat careful examination of the text and illustrations of Dr. Bickham's 'Operative Surgery' has satisfied me of its merits. The book will meet with favor on the part of teachers, students, and practitioners."—**Nicholas Senn, M. D.,** *Professor of Surgery, Rush Medical College, Chicago*

Eisendrath's Clinical Anatomy

JUST ISSUED

A Text-Book of Clinical Anatomy. For Students and Practitioners. By DANIEL N. EISENDRATH, A. B., M. D., Clinical Professor of Anatomy in the Medical Department of the University of Illinois (College of Physicians and Surgeons). Handsome octavo of 515 pages, beautifully illustrated with original illustrations, a number in colors. Cloth, $5.00 net; Sheep or Half Morocco, $6.00 net.

"The thoroughly practical manner in which the author has performed his task will meet with general approbation. * * * A special recommendation for the figures is that they are mostly original and were made for the purpose in view. The sections of joints and trunks are those of formalinized cadavers and are unimpeachable in accuracy."—*Medical Record, New York.*

American Text-Book of Surgery

NEW (4th) EDITION JUST ISSUED

American Text-Book of Surgery. For Practitioners and Students. Edited by WILLIAM W. KEEN, M. D., LL. D., F. R. C. S. (Hon.), Professor of the Principles of Surgery and of Clinical Surgery, Jefferson Medical College, Philadelphia; and J. WILLIAM WHITE, M. D., John Rhea Barton Professor of Surgery, University of Pennsylvania, Philadelphia. *Fourth Edition, Thoroughly Revised and Greatly Enlarged.* Handsome octavo of 1363 pages, with 551 text-illustrations and 39 full-page plates, many in colors. Cloth, $7.00 net; Sheep or Half Morocco, $8.00 net.

"Personally, should not mind it being called **The** Text-Book (instead of **A Text** Book), for I know of no single volume which contains so readable and complete an account of the science and art of surgery as this does."—**Edmund Owen, F. R. C. S.,** *Member of the Board of Examiners of the Royal College of Surgeons, England.*

Scudder's Fractures

NEW (4th) EDITION—JUST ISSUED WITH NOTES ON DISLOCATIONS

The Treatment of Fractures: with Notes on a Few Common Dislocations. By CHARLES L. SCUDDER, M. D., Surgeon to the Massachusetts General Hospital, Boston. *Fourth Edition, Revised and Enlarged.* Handsome octavo of 534 pages, with 688 original illustrations. Polished Buckram, $5.00 net; Half Morocco, $6.00 net.

"As a practical demonstration of the topic it is excellent, and as an example of bookmaking it is highly commendable."—**Joseph D. Bryant, M. D.,** *Professor of the Principles and Practice of Surgery, University and Bellevue Hospital Medical College,* New York City.

W. B. SAUNDERS & CO., 925 Walnut St., Phila.

SAUNDERS' SUCCESSFUL BOOKS

NEW (4th) EDITION
JUST ISSUED

Modern Surgery: General and Operative. By JOHN CHALMERS DACOSTA, M. D., Professor of the Principles of Surgery and of Clinical Surgery in the Jefferson Medical College, Philadelphia. *Fourth Edition, Rewritten and Greatly Enlarged.* Handsome octavo volume of 1099 pages, with 707 illustrations, some in colors. Cloth, $5.00 net; Sheep or Half Morocco, $6.00 net.

"The work throughout is notable for its conciseness. Redundance of language and padding have been scrupulously avoided, while at the same time it contains a sufficient amount of information to fulfill the object aimed at by its author."—*The Medical Record, New York.* (Review of previous edition.)

Kelly (Howard A.) on the Appendix

PREPARING

The Vermiform Appendix and its Diseases. By HOWARD A. KELLY, M. D., Professor of Gynecology in Johns Hopkins University, Baltimore; and E. HURDON, M. D., Assistant in Gynecology in Johns Hopkins University, Baltimore. Handsome octavo volume of about 600 pages, beautifully illustrated with some 400 entirely original illustrations.

A striking feature of this work is the illustrations. There are some 400 of them, all drawn especially for this book. Together they form a magnificent collection unequaled by those in any other work on the subject ever placed upon the market.

International Text-Book of Surgery

SECOND EDITION—RECENTLY ISSUED

The International Text-Book of Surgery. In two volumes. By American and British Authors. Edited by J. COLLINS WARREN, M. D., LL. D., F. R. C. S. (HON.), Professor of Surgery, Harvard Medical School; and A. PEARCE GOULD, M. S., F. R. C. S., of London, England. *Second Edition, Thoroughly Revised and Enlarged.* Vol. I. *General and Operative Surgery.* Royal octavo of 965 pages, with 461 illustrations, and 9 full-paged colored lithographic plates. Vol. II. *Special or Regional Surgery* Royal octavo of 1122 pages, with 499 illustrations, and 8 full-paged colored lithographic plates. Per Volume: Cloth, $5.00 net; Sheep or Half Morocco, $6.00 net.

"The illustrations throughout are of the highest order and apparently, without exception, are original. * * * So distinctive is the mechanical make-up of the volumes that the International Text-Book may be said to have set a new standard in the production of medical books."—*Medical News, New York.*

Senn's Surgery

Practical Surgery. By NICHOLAS SENN, M. D., Ph. D., LL. D., Professor of Surgery, Rush Medical College, in Affiliation with the University of Chicago, Chicago. Handsome octavo of 1133 pages, with 650 illustrations, many in colors. Cloth, $6.00 net; Sheep or Half Morocco, $7.00 net.

"The chapters on military surgery, gunshot wounds, and compound fractures are especially noteworthy. The author's great reputation in these lines is well borne out in these splendid articles. The illustrations are numerous, well chosen, and a number of them very artistic. The book-work is all that we are led to expect of the enterprising publishers."—*University of Pennsylvania Medical Bulletin.*

SAUNDERS' SUCCESSFUL BOOKS

SAUNDERS' AMERICAN EDITION

Nothnagel's Practice

UNDER THE EDITORIAL SUPERVISION OF

ALFRED STENGEL, M. D.,

Professor of Clinical Medicine, University of Pennsylvania

It is universally acknowledged that the Germans lead the world in Internal Medicine; and of all the German works on this subject, NOTHNAGEL'S "Specielle Pathologie und Therapie" is conceded by scholars to be without question the best Practice of Medicine in existence. So necessary is this book in the study of Internal Medicine that it comes largely to this country in the original German. In view of these facts, Messrs. W B. Saunders & Company have arranged with the publishers of the German edition to issue at once an authorized English edition of this great Practice of Medicine.

Best in Existence

For the present a set of eleven volumes, selected with especial thought of the needs of the practising physician, will be published. These volumes will contain the real essence of the entire work, and the purchaser will therefore obtain, at less than half the cost, the cream of the original. Later the special and more strictly scientific volumes will be offered from time to time.

For the Practitioner

The work will be translated by men possessing thorough knowledge of both English and German, and each volume will be edited by a prominent specialist. It will thus be brought thoroughly up to date, and the English edition will be more than a mere translation; for, in addition to the matter contained in the original German, it will represent the very latest opinions of leading specialists in the various departments of Internal Medicine. Moreover, as each volume will be revised to the date of its publication by the eminent editor, the objection that has heretofore existed to treatises published in a number of volumes will be obviated, since the subscriber will receive the completed work while the earlier volumes are still fresh. The English publication of the entire work is under the editorial supervision of Dr. ALFRED STENGEL, who has selected the subjects for the American Edition, and has chosen the editors of the different volumes.

Prominent Specialists

The usual method of publishers when issuing a publication of this kind has been to require physicians to take the entire work. This seems to us in many cases to be undesirable. Therefore, in purchasing this Practice physicians are given the opportunity of subscribing for it in entirety; but any single volume or any number of volumes, each complete in itself, may be obtained by those who do not desire the complete series. This latter method offers to the purchaser many advantages which will be appreciated by those who do not care to subscribe for the entire work at one time.

SAUNDERS' SUCCESSFUL BOOKS

Saunders' Hand-Atlases

IN PLANNING this series of atlases Messrs. W. B. Saunders and Company made arrangements with representative publishers in the chief medical centers of the world for the publication of the atlases in nine different languages. The cost to each publisher being thus reduced to about one-tenth, they were enabled to offer these atlases at **a price heretofore unapproached in cheapness.**

MODERATE PRICE

One of the most valuable features of these atlases is that they offer a **ready and satisfactory substitute for clinical observation.** Such observation, of course, is available only to the residents in large medical centers; and even then the requisite variety is seen only after long years of routine hospital work. To those unable to attend important clinics these books will be absolutely indispensable, as presenting the most accurate reproductions of clinical work.

CLINICAL OBSERVATION

A few years ago Mr. Saunders contracted with the original publisher for **one hundred thousand copies** of the twenty-six volumes that are to form the series known as "Saunders' Medical Hand-Atlases." Of these twenty-six volumes twenty-two have appeared, and of these eighty-two thousand copies have already been imported. The volumes in this series are selling with remarkable rapidity, and there is every indication that one hundred thousand copies will be sold of these twenty-two volumes alone. Basing the sales of future numbers on those already issued, the prospects are that the ultimate sale of the complete series will be double the figures originally set.

82,000 COPIES

SPECIAL OFFER

As it is impossible to realize the beauty and cheapness of these Atlases without an opportunity to examine them, we make the following offer: Any one of these books will be sent to physicians, carriage prepaid, upon request. If you want the book, you have merely to remit the price; if not, return the book by mail.

W. B. SAUNDERS & CO., PHILADELPHIA, NEW YORK, LONDON

"Saunders' Imprint Ensures Success"

THIS expression, made to a member of the firm by a competent authority, is but another of the many encouraging endorsements of the Saunders business methods. Although the youngest medical publishing house in the country—having been established only fifteen years—it is now recognized as the most active and progressive. This is evidenced by the fact that an author recently, when making inquiries as to the best publisher to whom to offer his new work, was referred to

W. B. SAUNDERS & COMPANY

by *eight authors out of ten*, notwithstanding that many of these authors had had works issued by other houses. Moreover, it is a significant fact that during the past year the firm's output of new books and new editions has been nearly double that of the year previous; and from the large number of signed contracts now actually on hand, the probabilities are that of the important medical works to be published during the current year, it is more than likely a majority will be issued from the press of W. B. Saunders & Company.

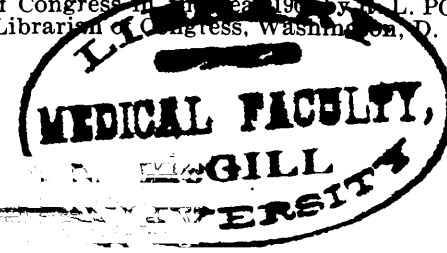
PRICE TEN DOLLARS.

R. L. POLK & CO., PUBLISHERS,

DETROIT. BALTIMORE. CHICAGO.

Entered according to Act of Congress in the year 1903 by R. L. POLK & CO., in the office of the Librarian of Congress, Washington, D. C.



SYNOPSIS OF CONTENTS.

The eighth revised edition of Polk's Medical Register and Directory of North America contains 3074 pages.

The first 200 pages are devoted to general miscellaneous information and embrace: National and Inter-State Associations and Societies Relating to Medicine and Surgery; the Army Medical Museum at Washington; the U. S. Naval Museum of Hygiene and Naval Medical School at Washington; Officers of the Medical Department of the U. S. Army; Medical Corps of the Navy of the United States; U. S. Marine Hospital Service; Roster of Examining Surgeons appointed under authority of the Commissioner of Pensions: Existing and Extinct Medical Colleges of the United States and Canada; Auxiliary and Post-Graduate Institutions and Courses; Medical Journals in the United States and Canada; Medical Libraries and Medical Departments in General Libraries in the United States and Canada; Therapeutic Classification of American Health Resorts by Guy Hinsdale, M. D., etc.

Pages 201 to 2113B contain the List of Physicians and Surgeons or Directory proper, arranged by location, giving postoffice address, with population, the school practiced, date and college of graduation, etc. At the commencements of the list for each State, territory or province is a descriptive article embodying such matters as location, boundaries, latitude and longitude, extent in miles and acres, statistics regarding climate, population, etc., followed by lists of Medical Colleges, Board of Health, Board of Medical Examiners, Health Officers at Principal Points, Hospitals, Sanitariums, Dispensaries, Penal, Reformatory and Charitable State Institutions, Mineral Springs, and the law for regulating the practice of medicine.

This is followed by the Supplement, which contains names of physicians received too late for compilation in their respective locations, also changes in information, removals, and items of miscellaneous information regarding Medical Institutions, Societies, etc., received too late for insertion in their proper place in the work.

Pages 2151 to 2850 contain the Index to Physicians in the United States arranged alphabetically, where reference is made to the page on which each name appears, with address and full medical record.

The work is supplemented by a Classified Business and Physicians' Supply Department, embracing a list of the leading firms in North America engaged in the manufacture and sale of goods pertaining to the profession of medicine. Each class is embraced in one list and arranged by location and cities or towns.

NOTE.—Special attention is called to the fact that the asterisk (*), meaning "no report received in answer to inquiry regarding graduation," was only used after a research of the alumni lists of all existing colleges had failed to yield any particulars, and does not at all imply that the physician after whose name it appears is a non-graduate. Doubtless the names of some are so inserted who are graduates and prominent in their profession; in such cases the publishers found it impossible to secure the desired graduation data before going to press.

The Publishers invite friendly criticisms of the "Register," and will be glad to receive notice of errors or omissions, also of deaths and changes of address.

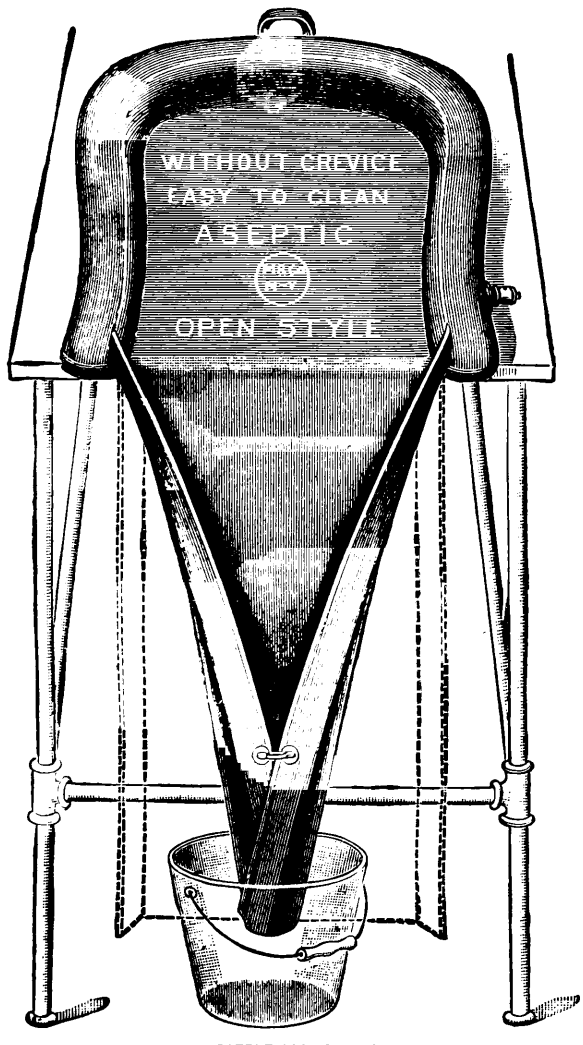
ASEPTIC OPERATING PAD, OPEN STYLE

MADE IN THREE SIZES

The Only PERFECT Kelly Pad
In the Open Style.

WITHOUT CREVICE. EASY TO CLEAN.
ASEPTIC AND SANITARY.



PATENT APPLIED FOR

This new aseptic Operating Pad embodies practical suggestions from over three hundred physicians and surgeons.

It has received the enthusiastic praise of all physicians and surgeons who have used it, and has been unanimously pronounced *The Ideal Pad* for general surgery and for obstetrical practice

BECAUSE

It has no crevice in which matter can lodge.

It is easy to clean and can be kept aseptic.

It prevents soiling of the operator's clothing.

GUARANTEED

To wear twice as long as any of the old style Kelly Pads.

Illustration shows how drainage-apron may be hooked together, thus forming a closed outlet-sleeve. The drainage is thereby carried directly into the receptacle, instead of over the floor and on the operator's clothing.

The dotted lines show how drainage-apron hangs when not hooked together. Notice the gutter, or protection, shown by dotted lines, which is formed on each side of the drainage-apron, thus preventing the fluid from running off the sides of apron when used hanging straight down, in the position shown by dotted lines.

SNELL AMERICAN CYSTOSCOPE.
GOLD LAMP - WATER OR AIR DILATATION - DIRECT VISION

IN THIS INSTRUMENT

the successful feature of ALL other AMERICAN and EUROPEAN instrument constructed for bladder inspection or ureter catheterization, have been combined with the five (5) following advantages NEVER BEFORE OBTAINED in any cystoscope.

1st. Catheterization of both ureters through one and the same catheter chamber at the same operation.
2nd. A gain of 25 per cent. in field of vision, when instrument is made with the same outside calibre as other cystoscopes.
3rd. A lessening of over 4 millimeters in outside calibre; while giving same size field of vision as other cystoscopes.
4th. An automatic lens system giving a large and magnified field absolutely without reflexes or rainbow hues.
5th. The most important and incalculable advantage is—doing away with the ever liability of withdrawing catheter from ureter when cystoscope is removed. A distinctive feature of disadvantage with other cystoscopes.

These features are the result of over 500 actual demonstrations on living subjects and make the instrument worthy your most careful consideration. We stand ready to demonstrate its superiority by actual use.

A Safeguard and Auxiliary Treatment

In Pulmonary, Pelvic Arthritic and Glandular

INFLAMMATIONS

Applied hot, in a ¼-inch layer, immediately upon the affected part and covered with cotton compress, it exerts a counteracting or abortive influence upon localized inflammations and congestions by conveying antiseptic medication, warmth and moisture for a continuous period of 6 to 24 hours; and will restore the normal local temperature, and promptly alleviate the aggravated condition. It should be removed before dry, when it readily releases itself, intact. Reapply new dressings as frequently as case demands.

We call attention to the fact that Meys' Poultice is put up in **all-glass, air-tight, non-corrodible** containers, which preserve the hygroscopic power and aseptic condition.

NATIONAL AND INTER-STATE ASSOCIATIONS

AND

SOCIETIES RELATING TO MEDICINE AND SURGERY.

AMERICAN MEDICAL ASSOCIATION.

OBJECT OF THE ASSOCIATION, OR CORPORATION.

The object of this association shall be to federate into one compact organization the medical profession of the United States, for the purpose of fostering the growth and diffusion of medical knowledge, of promoting friendly intercourse among American physicians, of safeguarding the material interests of the medical profession, of elevating the standard of medical education, of securing the enactment and enforcement of medical laws, of enlightening and directing public opinion in regard to the broad problems of state medicine, and of representing to the world the practical accomplishments of scientific medicine, with power to acquire and hold property, publish journals, etc.

COMPOSITION OF THE ASSOCIATION, OR CORPORATION.

This association shall consist of members, members by invitation, honorary members, associate members and delegates.

MEMBERS.—Members shall consist of such members of the state societies, together with their affiliated local societies, entitled to representation in this association as shall make application for admission, in writing, to the treasurer, and accompany said application with a certificate of good standing signed by the president and secretary of the society of which they are members and the annual fee.

MEMBERS BY INVITATION.—Members by invitation shall consist of distinguished physicians of foreign countries who may be invited by the officers of sections or of the association. They shall hold their connection with this association until the close of the annual session to which they are invited, and shall be entitled to participate in all of its affairs, as in the case of members, but they shall not be assessed the annual dues.

HONORARY MEMBERS.—Honorary members shall be physicians of foreign countries who have risen to pre-eminence in the profession of medicine.

ASSOCIATE MEMBERS.—Representative teachers and students of the allied sciences, not physicians, may become associate members by the vote of the house of delegates.

DELEGATES.—Delegates shall consist of such members of the affiliated state and territorial medical societies and of the medical service of the United States Army, of the United States Navy, and of the United States Marine Hospital Service as shall be chosen in accordance with the provisions of the constitution, or articles of incorporation and by-laws of the American Medical Association.

AMERICAN CONFEDERATION OF RECIPROCATING EXAMINING AND LICENSING MEDICAL BOARDS

(Indiana, Iowa, Kansas, Michigan, Ohio and Wisconsin.)

Organized in 1903.

The following propositions have been agreed to as a basis for reciprocal medical registration:

(a) That as a prerequisite to reciprocal registration, the applicant therefor shall file in the office of the board of the state of which he is a licentiate such evidence as will enable the said board to certify that he is of good moral and professional character. Such certificate shall be filed with his application for reciprocal registration in another state.

(b) That a certificate showing that an examination has been made by the proper board of any state, on which an average grade of not less than 75 per cent was awarded, the holder thereof having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in the state where reciprocal registration is sought, may be accepted, in lieu of examination, as evidence of qualification. Provided, that in case the scope of the said examination was less than that prescribed by the state in which registration is sought, the applicant may be required to submit to a supplemental examination by the board thereof in such subjects as have not been covered.

(c) That a certificate of registration, or license issued by the proper board of any state, may be accepted as evidence of qualification for reciprocal registration in any other state. Provided, that the holder thereof was, at the time of such registration, the legal possessor of a diploma issued by a medical college in good standing in the state in which reciprocal registration is sought, and that the date thereof was prior to the legal requirement of the examination test in such state.

NATIONAL VOLUNTEER EMERGENCY SERVICE MEDICAL CORPS.

A volunteer military medical organization. The Field Service Corps is composed of civilians from the various walks of life, medical students, nurses, pharmacists, physicians, and ex-army, navy and national guard medical officers, who act respectively as privates of the hospital corps, nurses, hospital stewards, assistant surgeons, surgeons, line officers, etc. Enrollment in this branch does not entail leaving usual occupation. Same system as national guard and state militia prevails. The corps is modeled somewhat after the Volunteer Medical Staff Corps and St. John's Ambulance Corps of England. On a strictly military basis with a full complement of line officers, commissioned and non-commissioned officers, chaplains, sanitary engineers, trumpeters, artificers, teamsters, wagoners, cooks, etc. With its independent adjutant, paymasters, judge advocate, purveyors, quartermasters, commissary and inspector-general departments, and will be permanently organized in every city in the Union on the same basis and bear the same relation to the community in protecting the health and life of the people as does the national guard and state militia in guarding the property of the citizen.

Lectures and instruction are given by the division, company and squad medical officers; this course of instruction includes, in addition to the ordinary drills and training of an infantry corps (given by the line officer in command of a company), special training in stretcher and ambulance drill, application of splints, bandages, etc., transportation of the wounded, common means employed for the urgent relief of sick or injured; care of contagious and infectious diseases, quarantine, conduct at catastrophies and epidemics, etc.

The chartered objects of the corps are: "To render medical or other aid and relief to the community in event of pestilence, catastrophe, war, etc., by maintaining an equipped service corps, to anticipate, prepare and execute sanitary measures with the concurrence of health authorities, which will insure the health and safety of life and limb of the people. To render aid to injured, transport sick and injured to place of succor, to provide food, medical relief, medicines and temporary shelter to victims of calamities, etc., as exigencies may require. To encourage the reading and discussion of papers on subjects pertaining to sanitary, medical, climatological, military, hygienic and public health matters, and to place equipment and service at the disposal of civic and military authorities of national or state government, subject to requisition on call."

ARMY MEDICAL MUSEUM AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887 from the building formerly known as Ford's Theater (Nos. 509 and 511 10th st. n. w.), and now occupies a portion of the building erected for it at the northwest corner of 7th and B streets s. w., east of the National Museum. The rest of the building is occupied by the library of the Surgeon-General's office, a portion of the Record and Pension Division of the War Department, and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure permanent preservation in connection with the names of the donors.

According to the report of the Surgeon-General for the fiscal year terminating June 30, 1899, the museum contained 35,039 specimens. The collection is open to visitors daily from 9 a. m. to 4 p. m.

It is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. The other departments, though not equal to some of the wealthy and long-established museums of Europe, are nevertheless by far the most important in America, and are annually increasing in extent and value.

The library is the largest and most valuable medical library in the United States and the third largest in the world. According to the Surgeon-General's latest report, it contains about 140,539 volumes and 236,728 pamphlets and is steadily increasing. Medical men from any part of the country desirous of consulting the works in this library are courteously welcomed and granted free access.

The Curator of the Museum is Lieut. James Carroll, Assistant Surgeon U. S. A., and the library is in the immediate charge of Major W. D. McCaw, Surgeon, U. S. A. Colonel C. L. Heizmann, Assistant Surgeon-General, is in charge of the whole, which is known as the Museum and Library Division of the Surgeon-General's Office.

U. S. NAVAL MUSEUM OF HYGIENE AT WASHINGTON, D.C.

The United States Naval Museum of Hygiene, now located at 23d and E streets n. w., in the buildings recently vacated by the Naval Observatory, was organized by Congress in an Act making appropriation for its support for the fiscal year ending June 30, 1883.

The plan, briefly described, comprehends a collection that shall be illustrative of the entire range of sanitary science, the establishment of a course of lectures by authoritative sanitarians from all sections of the country, and a library of sanitary science, accessible, under proper restrictions and guarantees, to all who are engaged in the study of this branch of knowledge. The library already numbers many of the standard sanitary works in the English, French and German languages, and is constantly increasing.

The institution is fully equipped with chemical, bacteriological and physiological laboratories, and for the first time in its history has ample space for the proper classification and display of exhibits, now numbering over 2,000 specimens.

Contributions from medical men and sanitarians of the country, of essays, drawings or specimens bearing in any way upon hygiene or sanitary science are respectfully requested, and will be permanently preserved under the names of the donors.

See in "Auxiliary and Post-Graduate Institutions and Courses" for the U. S. Army Medical School, located here also.

CIRCULAR FOR INFORMATION OF PERSONS DESIRING TO ENTER THE MEDICAL CORPS OF THE U. S. NAVY.

A candidate for examination and appointment in the Medical Corps of the Navy must be between twenty-one and thirty years of age, and must apply to the Honorable Secretary of the Navy for permission to appear before a Naval Medical Examining Board.

The application must be in the handwriting of the applicant, stating age and place of birth; also the place and State of which he is a permanent resident, and must be accompanied by letters or certificates from persons of repute, testifying from personal knowledge of his good habits and moral character, and that he is a citizen of the United States.

FORM OF APPLICATION.

....,
... ...19. .

Sir: I request permission to be examined for an appointment as Assistant Surgeon in the United States Navy.

I was born at ... ., and was... years of age on the ..... day of ....., 190.., and am a citizen of the United States, residing in .. ..., county of ...., in the State of .. ..

I enclose herewith certificates as to moral character, habits and citizenship.

Very respectfully,

.. ..

The Honorable Secretary of the Navy,
Navy Department, Washington, D. C.

If, in reply to the above, the candidate receive a permit, he will notify the President of the Naval Medical Examining Board at the U. S. Naval Museum of Hygiene and Medical School, Washington, D. C., or at the U. S. Naval Hospital, Mare Island, Cal., the only places where the examinations are held, stating approximately the time at which he desires to be examined and requesting that a date be fixed for his examination.

Candidates will be expected to present to the Board testimonials of educational and professional fitness.

The Boards are required, under oath, to report on the physical, mental, moral, and professional qualifications of the candidate, so that the examinations are necessarily rigid and comprehensive, though simple and practical, and not beyond the attainments of any well-educated physician.

A successful candidate, upon completion of his examination, will be notified by the President of the Board that he has been found qualified.

With the consent of the board, a candidate may withdraw at any period from further examination, and may at a future time present himself for re-examination. The board may conclude the examination (written, oral and practical) at any time, and may deviate from this general plan as it may deem best for the interests of the naval service.

The tenure of office in the Medical Corps of the Navy is for life, unless sooner terminated by removal, resignation, disability or other casualty.

No allowance will be made for the expenses of persons undergoing examination, which, if uninterrupted, is usually completed within ten days.

All successful candidates will receive appointments as soon as qualified, and in order of merit reported by the board.

The officers of the Medical Corps of the Navy are as follows: Medical Directors, Medical Inspectors, Surgeons, Passed Assistant Surgeons, and Assistant Surgeons.

Vacancies in these grades (by death, or retirement at the age of sixty-two years) are filled in the order of seniority, and for each promotion a physical and a professional examination is required by law.

Assistant Surgeons are examined at the expiration of three years' service for promotion, and, if successful, become Passed Assistant Surgeons.

VACANCIES.

Through the provisions of a law enacted by the Fifty-seventh Congress, the Medical Corps of the Navy was increased 150 numbers; 25 to be appointed each calendar year for six years. The number of vacancies occurring through retirements, resignations, and casualties average about 10 a year. There are afforded, therefore, for candidates for the position of assistant surgeon about 35 appointments each year for the next six years.

PAY TABLE.

	At Sea.	On Shore.	Allowances per annum.*
Assistant Surgeons, rank of Lieutenant (junior grade)	$1,760 00	$1,496 00	$288 00
Passed Assistant Surgeons, rank of Lieutenant	2,200 00	1,870 00	432 00
After five years in the service	2,400 00	2,040 00	432 00
After ten years in the service	2,600 00	2,210 00	432 00
Surgeons, rank of Lieutenant-Commander—			
After ten years in the service	3,250 00	2,762 50	576 00
After fifteen years in the service	3,500 00	2,975 00	576 00
Medical Inspectors, rank of Commander—			
After fifteen years in the service	4,000 00	3,400 00	576 00
Medical Directors, rank of Captain—			
After fifteen years in the service	4,500 00	3,825 00	720 00
Surgeon General, rank of Rear Admiral	5,500 00	5,500 00	720 00

*Only when quarters are not furnished by the government. Eight cents a mile is the allowance when traveling under orders.

THE EXAMINATION.

When a candidate presents himself for examination on the date fixed by the president of the board, he must bring with him testimonials as to character and professional fitness, diplomas, and a certificate that he is a citizen of the United States.

While it is desirable that candidates should be graduates in medicine, such graduation is not essential.

The examination usually occupies about nine days, and is conducted in the following order:

I.—Physical. II.—Professional. III.—Collateral.

I.—PHYSICAL EXAMINATION.

The physical examination is thorough, and the candidate is required to certify, on oath, that he is free from all mental, physical and constitutional defects.

Acuteness of vision, 12-20 for each eye, unaided by glasses, but capable of correction, by aid of lenses, to 20-20, is obligatory. Color perception must be normal and the teeth good.

If the candidate is found to be physically disqualified his examination is concluded; if found to be physcally qualified his examination is continued, as follows:

(1) Letter to the board describing in detail his general and professional education.

II.—PROFESSIONAL EXAMINATION.

	Written questions.	Percentages required.
Anatomy (2) and physiology (1)	3	80
Surgery	3	80
Medicine	3	80
Pathology (1) and microscopy (1)	2	70
Obstetrics (1) and medical jurisprudence (1)	2	60
Materia medica and physiological action of drugs	2	80
Chemistry (2) and physics (1)	3	60
Hygiene (1) and quarantine (1)	2	80
General aptitude	.	80
Literary and scientific branches		80
Required aggregate		750

Bandaging; tourniquets; four operations on cadaver; clinical cases (a written report being made in one case giving history, diagnosis, prognosis, treatment, one prescription, at least, being written out in full, in Latin) urinalysis (chemical and microscopical examination of one specimen of urine); practical microscopy, and recognition of five mounted specimens (histological, pathological, and bacteriological); recognition of surgical instruments.

ORAL EXAMINATION.

This follows the written work in each branch and the required percentage is made up from the combined results of the written and the oral examinations.

The percentages given are not absolute, however, as losses in some branches may be made good in others, provided the standard is reached in the cardinal subjects of anatomy, physiology, medicine and surgery.

III.—COLLATERAL EXAMINATION.

This embraces spelling, punctuation, the use of capital letters, grammar, arithmetic, geography (descriptive and physical), languages, history, general literature, elementary botany, geology, and zoology.

While due credit is given for a knowledge of languages and the sciences it is not essential except in the case of physics. A knowledge of the common school branches is essential, and deficiency in this respect will cause rejection even though passing marks may be gained in professional subjects.

NOTE.—For further information apply to President Naval Medical Examining Board, U. S. Naval Museum of Hygiene and Medical School, cor. 23d and E. sts., N. W., Washington, D. C., or President Naval Medical Examining Board, U. S. Naval Hospital, Navy Yard, Mare Island, Cal.

CIRCULAR FOR THE INFORMATION OF PERSONS DESIRING TO ENLIST IN THE HOSPITAL CORPS, U. S. NAVY.

I. The hospital corps of the Navy consists of the following grades and rates:

(a) Pharmacists; pay of warrant officers:

Period.	At sea	On shore duty.	On leave or waiting orders.
First three years after date of appointment	$1,200	$ 900	$ 700
Second three years after date of appointment	1,300	1,000	800
Third three years after date of appointment	1,400	1,300	900
Fourth three years after date of appointment	1,600	1,300	1,000
After twelve years from date of appointment	1,800	1,600	1,000

(b) Hospital stewards (classified as chief petty officers, special branch), $60 per month.

(c) Hospital apprentices, first class (classified as petty officers, third class, special branch), $30 per month.

(d) Hospital apprentices (classified as seamen, second class, special branch), $20 per month.

II. All applications for enlistment in the hospital corps of the Navy must be addressed to the Surgeon General U. S. Navy, and should be accompanied by suitable testimonials as to character, habits, citizenship, etc.

III. A candidate applying for original enlistment should state concisely: Name in full; date of birth; nativity; citizenship; general education; hospital experience (if any), and whether a graduate of a training school for nurses.

IV. The term of enlistment in the rates of hospital steward, hospital apprentice (first class), and hospital apprentice is for four years.

V. No allowance will be made for traveling and other expenses attending the examination of applicants

VI. On original enlistment, applicants for admission into the hospital corps, U. S. Navy, must be between the following mentioned ages:

Hospital stewards	21 to 30 years.
Hospital apprentices (first class)	21 to 28 years.
Hospital apprentices	18 to 25 years.

VII. Physical and professional examinations by one or more medical officers will be required for enlistment and promotion in each of the above mentioned grades and rates.

VIII. Appointments in the grade of pharmacist will be made from hospital stewards now in the service, and all future vacancies in said grade will be filled by selection from the list of hospital stewards. The professional examination will be largely a record examination, based upon length of naval service and recommendations of medical officers with whom candidates have served.

IX. Hospital stewards for the present must be between twenty-one and thirty years of age, but when practicable they will be selected from hospital apprentices (first class), and will be required to pass a satisfactory examination on the following subjects, viz.:

(1) General education, arithmetic, orthography, writing (legible and grammatical) geography, and history of the United States.

(2) Professional: (a) Materia medica—the botanical names, preparations, and doses of the drugs recognized by the Pharmacopœia; (b) pharmacy—the various pharmaceutical processes employed in the manufacture of officinal and official preparations, and the relative proportions of the more important drugs entering into their composition; (c) chemistry—chemical symbols, the formulæ of the more important official chemicals, and the reactions produced by the combinations of chemicals; (d) toxicology—symptoms, toxic doses, and antidotes of poisons; (e) recognition of crude drugs, making ordinary pharmaceutical preparations, compounding prescriptions, and criticising prescriptions incorrect by reason of pharmaceutical or chemical incompatibility; (f) bandgaging, minor surgery, application of splints and of dry and wet cups, and treatment of hemorrhage.

X. Hospital apprentices (first class) must be between twenty-one and twenty-eight years of age, but when practicable they will be selected from hospital apprentices. Additional vacancies will be filled by enlistment of candidates found qualified.

Candidates will be examined on the following subjects, viz.:

(1) General education: Arithmetic, orthography, writing (legible and grammatical), geography, and history of the United States.

(2) Professional: (a) Clinical notes and preparation of temperature charts; (b) doses of drugs in common use; (c) employment of remedies other than by mouth, as poultices, enemata, counter-irritants, hydrotherapeutic agents, etc.; (d) names and uses of surgical instruments and those employed in clinical diagnosis; (e) preparation of patients for operation, including methods of sterilizing instruments, dressings, etc.; (f) preliminary treatment of the more common cases of poisoning; (g) application of bandages and splints and treatment of hemorrhage; (h) preparation of food for the sick; (i) preparation of beds and adjustment of clothing of patients.

XI. Hospital apprentices must be between eighteen and twenty-five years of age. Candidates will be examind in arithmetic, orthography, writing (legible and grammatical), geography, and history of the United States. Hospital training and a knowledge of nursing will be to the advantage of the applicant.

XII. No person will be enlisted or retained in the hospital corps of the Navy who is addicted to the use of intoxicating liquor, or who at any time gives evidence of intemperance.

DISTRICT OF COLUMBIA.

U. S. Naval Medical School, Washington, D. C. This institution, which is located in the buildings partly occupied by the U. S. Naval Museum of Hygiene, was inaugurated on November 3rd, 1902, and has for its object the advanced instruction of medical officers of the Navy, especially confining itself, at present, to those who have but recently entered the service and have not yet been to sea. It does not receive anyone who is not already in the Navy. It is intended that when the services of the medical officers who have been in the service for some time can be spared, they may be ordered here, also, for study or instruction in certain branches.

The following indicates the nature of the lectures given: (1) hygiene of ships, camp and hospital; (2) military diseases and tropical medicine; (3) duties of naval medical officers; (4) military surgery and practical work on the cadaver; (5) chemistry—general and analytical; (6) bacteriology; (7) ophthalmology; (8) instruction in signals, manual of the sword, tactics, hospital corps drill, physical drill, etc.; (9) naval law. The institution is fully equipped with handsome bacteriological, physiological and chemical laboratories and with everything necessary for carrying out the instruction which has been mapped out for it. The classes for the current year consist of thirty-one assistant surgeons, being all who were appointed to the service between October 1st, 1902, and October 1st, 1903. Instruction begins on October 1st, covers seven hours per day, and lasts between five and six months. As both the Naval Medical School and the Naval Museum of Hygiene are controlled by the same medical officer the resources of the latter are made use of whenever needed for the better instruction of the student-officers.

☞ Our friends will find the *Fortnightly* on file in the Liberal Arts Palace, the Emergency Hospital and in the Missouri State Building.

FROM

North to South

AND FROM

East to West

THE VERDICT IS THE SAME.

HATBORO, PA.
What I do for the betterment of our beloved and honorable profession is very little as compared with what the *Fortnightly* is doing. You are welcome to my subscription for another year. I sincerely wish that every doctor in America was on your subscription list, as this would greatly strengthen you in your warfare against medical quackery in whatever form you find it.
J. B. CARRELL, M. D.

PITMAN, ARK.
The Medical Fortnightly is one of the best of all the magazines I receive, and is indispensable to the busy general practitioner.
HORACE E. RUFF, M. D.

NEW YORK CITY.
I regard the *Fortnightly* as a most excellent journal, presenting its topics in a concise, practical and interesting manner. Success to you.
F. SPENCER HALSEY, M. D.

KEY WEST, FLA.
I consider the *Fortnightly* one of the best on my list.

ALABAMA.

CAPITAL, MONTGOMERY.

Population of State, 1,828,697.
(U. S. Census of 1900.)

Number of Physicians, 2,206.

Alabama was organized as a territory March 3, 1817, and admitted as a state December 14, 1819. It extends from 30 degrees 12 minutes north latitude to 35 degrees north latitude, a distance of 331 miles; and from 84 degrees 55 minutes to 88 degrees 35 minutes west longitude, a distance of 214 miles, and is in the same latitude as Palestine, Northern Africa, Central China and Southern Japan. It is bounded on the east by Georgia, on the south by Florida and the Gulf of Mexico, on the west by Mississippi and on the north by Tennessee, and comprises an area of 50,722 square miles, or 32,462,080 acres. The climate is warm and semi-tropical. The northern portion is considerably colder than the southern, which is accounted for more by its greater elevation than from its higher latitude. The mean annual temperature is 62.37 degrees as observed at Auburn, which is situated near the geographical center of the State. The mean annual temperature in the valley of the Tennessee river is 60 degrees, and in the extreme south about 69 degrees. The rainfall of the State is quite noteworthy, averaging 63 inches, which is distributed with tolerable regularity throughout the seasons. The mineral springs are famous for their medicinal qualities. The following table shows the increase in population for 80 years:

1820	127,901	1870	996,992
1830	309,527	1880	1,262,205
1840	590,756	1890	1,513,017
1850	771,623	1900	1,828,697
1860	964,201

MEDICAL LAW OF ALABAMA.

AN ACT TO PRESCRIBE THE BRANCHES OF MEDICAL LEARNING UPON WHICH APPLICANTS FOR THE PRIVILEGE OF TREATING DISEASES OF HUMAN BEINGS IN THIS STATE MUST BE EXAMINED, AND TO PROVIDE FOR THE ISSUANCE OF CERTIFICATES OF QUALIFICATION THEREFOR.

Section 1. Be it enacted by the Legislature of Alabama, That any applicant for a certificate of qualification to treat diseases of human beings by any system of treatment whatsoever, shall, according to rules prescribed and standards established by the Medical Association of the State of Alabama, be examined by one of the authorized Boards of Medical Examiners of this State in the following branches of medical learning, to-wit: Chemistry, anatomy, physiology, the etiology, pathology, symptomatology, and diagnosis of diseases; obstetrics and obstetrical operations; gynecology; minor and major surgery, physical diagnosis, hygiene, and medical jurisprudence; and should said applicant be found proficient in said branches of medical learning a certificate of qualification in such form as shall be prescribed by said Medical Association of the State of Alabama shall be issued to him, which shall entitle him to treat any and all diseases of human beings in this State in any manner that he may deem best.

BURN-BRAE,

A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in PHILADELPHIA.)

Sec. 2. Be it further enacted, That when an applicant states in writing that he has neither studied nor proposes to practice major surgery, said applicant shall be exempt from examination in said branch of major surgery, and should he be found proficient in the other branches of medical learning named in section one of this act, a certificate of qualification in form to be likewise prescribed by the Medical Association of the State of Alabama shall be issued to him, which shall entitle him to treat all diseases of human beings in this State in such manner as he may deem best, except by the practice of major surgery.

Sec. 3. Be it further enacted, That all laws and parts of laws in so far as they conflict with the provisions of this act, be and the same are hereby repealed.

Approved February 26, 1903.

ALASKA.

CAPITAL, SITKA.

Population of District, 63,592.
(U. S. Census of 1900.)
Number of Physicians, 58.

Alaska was purchased from Russia by the United States in 1867 for $7,200,000 in gold and forms the extreme northwestern portion of the American continent, with a water frontage running from its southern boundary, on Dixon's entrance, washed by the tides of the Pacific ocean, Bering sea and the Arctic ocean, to a point on the latter body at the 141st meridian of longitude. It has a coast line equaling the circumference of the globe, and 7,860 miles greater than the Atlantic seaboard of the United States. The length of this district is more than 2,000 miles; its breadth is over 1,400 miles, and its area is 590,884 square miles. It is twice as large as the state of Texas and twelve times as large as the state of New York. It is bounded on the

course, merely general. Modifications of the statement would be true of many localities, and nothing short of a treatise would embrace them. In general terms, while there is much cold in winter, in the interior, and moisture on the coast, Alaska is not the inhospitable country it was formerly believed to be.

The climate of Alaska is greatly varied. In the northern section, bordering the Arctic ocean, there is continual ice and snow. It is inhabited by native Eskimos, who live after the manner of their kind. Further south the temperature is more varied, and on the coast it is greatly modified by the influence of the Japan current, the mean winter temperature at Sitka being about 32.5 degrees. Back of the range of mountains, across which the warm winds from the ocean do not blow, the climate is one of extremes, varying, according to locality, from bitter cold in winter to intense heat in summer. Eight months of the year the rivers are practically closed to navigation and communication is had with the outside world by overland trails. The thermometer falls far below zero, varying from 60 degrees and more below, in the northern latitudes, to lesser figures further south. The summer months are short and at times intensely hot, the thermometer often rising to 100 degrees or more. In the south, along the mainland, the long peninsula and the Aleutian islands, the climate is more equable, but remarkable for the precipitation of moisture, resulting in heavy rainfalls and dense fogs. The foregoing weather account is, of

ARIZONA.

CAPITAL, PHOENIX.

Population of Territory, 122,212.
(U. S. Census of 1900.)
Number of Physicians, 235.

Arizona extends from 109 degrees to 114 degrees, 47 minutes, 6½ seconds longitude west of Greenwich, and from 31 degrees, 19 minutes, 24 seconds, to 37 degrees north latitude, and is bounded on the north by Utah and Nevada, on the east by New Mexico, on the west by California and Nevada, and on the south by the Republic of Mexico. It comprises an area of 113,916 square miles, or 72,906,240 acres, or nearly three times the size of New York State.

The territory was organized in 1863.

The climate is salubrious and pleasant, except in the lower sections near the Gila and Rio Colorado, where the summers are excessively hot. The air is singularly clear, tonic and dry and particularly favorable to catarrhal and pulmonary complaints. Rainfalls occur during the months of June, July, August and September. The following table shows the increase of population for 30 years:

MEDICAL LAW OF ARIZONA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE.

Be it enacted by the Legislative Assembly of the Territory of Arizona:

Section 1. That it shall be unlawful for any person to practice medicine within the Territory of Arizona until he or she shall have obtained a license therefor, as hereinafter in this act prescribed.

Sec. 2. No person shall receive a license to practice medicine within the Territory unless he or she shall have:

First. Obtained a diploma to practice medicine, or some department thereof, regularly issued by a medical college, lawfully organized under the laws of the state or territory wherein such college shall have been located at the time of the issuance of such diploma; and,

Second. Obtained a certificate entiting him or her to practice medicine, as prescribed in Section 4, Chapter 1, of Title 53, being paragraph 3529 of the Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in the Territory of Arizona," approved March 18, 1897; or,

Third. Practiced medicine within the Territory of Arizona continuously for five successive years preceding the date fixed for the taking effect of this Act; or,

Fourth. Upon examination by the Board of Medical Examiners of Arizona, shown to the satisfaction of the Board that he or she possesses sufficient knowledge and skill to properly practice medicine; and,

Fifth. Become a bona fide resident of Arizona, and shall have passed the age of twenty-one years and shall have a good moral character.

Sec. 3. There shall be and there is hereby established in Arizona, a board to be known as the "Board of Medical Examiners of Arizona." Said Board shall consist of five members, who shall be nominated and, by and with the consent of the Legislative Council, appointed by the Governor. Such members shall, at the time of their appointment, be each a bona fide citizen of the United States, and have been a resident of the Territory of Arizona for at least three consecutive years continuously next preceding the time of his appointment; and at the time of his appointment shall be and shall have been for at least three consecutive years theretofore actually engaged in the practice of medicine in the Territory of Arizona. The term of office of said members of said Board shall be for five years, except that of the members first appointed under the provisions of this Act, one of whom shall be appointed for one year, one for two years, one for three years, one for four years, and one for five years. Three of the members of said Board shall be physicians of the regular school of medicine, one of the homeopathic school of medicine and one of the eclectic school of medicine. The Board shall upon its organization, and thereafter once in each year, elect one of its members as president and one of its members as secretary thereof, whose respective terms of office as president and secretary shall be one year. The president shall preside at the meetings of the Board and shall by his signature authenticate all licenses issued under the provisions of this Act. The secretary shall keep the records of the Board, have the custody of its books, papers and seal; shall countersign all licenses issued under the provisions of this Act, and shall act as the treasurer of the Board. Said Board shall make reasonable rules and regulations for the transaction of its business, not inconsistent with law or the purposes and intent of this Act. The Board shall meet in regular session quarter-yearly, at a regularly designated place of meeting, at Phoenix, Arizona, and at such other times as it may from time to time appoint.

Sec. 4. Any person desiring to obtain a license to practice medicine within this Territory shall make application therefor to the Board of Medical Examiners of Arizona. The application shall be in writing and state the name of the applicant, his age, his residence, the name and location of the college whence his diploma issued, the length of time, if at all, he has practiced medicine, and where, giving specifically the places where he has practiced medicine; and the dates between which he practiced at each place, and the particular school and department of medicine he practiced; and contain such other information as may be prescribed by the rules and regulations of the Board. Each application for license shall be verified by the oath of the applicant, taken before some officer authorized by the laws of Arizona to administer oaths. The application shall be accompanied by the diploma of the applicant, or by a copy thereof, authenticated to the satisfaction of the Board. The applicant shall also present with his or her application the affidavits of at least three or more residents of the county and state wherein the applicant formerly resided and practiced medicine, stating, within their own knowledge, the name of the applicant, the length of time they have known him or her, his or her residence, the length of time he or she has resided there, and, if applicant shall have practiced medicine in Arizona, the length of time and place or places where he or she has so practiced, and that the applicant is a person of good moral character. If the applicant shall have received a certificate under the provisions of paragraph 3529, Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by an Act of the Legislative Assembly of the Territory of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in Arizona," approved March 18, 1897; or, if the applicant shall have practiced medicine within the Territory of Arizona continuously for five successive years next preceding the date fixed for the taking effect of this Act, he or she shall present with his or her application proper and satisfactory evidence thereof; the applicant shall at the time of the presentation of his or her application for a license to practice medicine, pay to the secretary of the Board of Medical Examiners the sum of two ($2) dollars. If it shall appear that the applicant has not obtained the certificate mentioned in paragraph 3529, Revised Statutes of Arizona, 1901, or passed the satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to amend an Act to regulate the practice of medicine in Arizona," approved March 18, 1897, and shall not have practiced medicine within this Territory continuously for five years next preceding the date fixed for the taking effect of this act, then no license shall issue to him or her, until he or she shall have upon examination by the Board, shown to the satisfaction of the Board that the applicant possesses sufficient knowledge and skill to properly practice medicine.

Sec. 5. The examination provided for in the preceding section shall be made by said Board as soon after the application shall have been presented as it may be conveniently done, and after notice to the applicant of the time and place thereof. The examination shall be conducted under such reasonable rules and regulations as the Board may prescribe therefor, and with the design and purpose of ascertaining the fitness of the applicant for the practice of medicine in this Territory.

If the applicant request it he or she shall have the privilege of being examined in the branches of the science and the practice of medicine other than physiology, anatomy, pathology, chemistry, practice, surgery, obstetrics and gynecology, by the member or members of the Board, if there be any, of the particular school of medicine specified in his or her diploma, and if the examination in such other branches be satisfactory to the members or member conducting said examination, it shall be approved by the Board and to the extent thereof be deemed to be to the Board's satisfaction. Before any examination the applicant shall pay to the secretary of the Board, in addition to the fee hereinbefore required, the further fee of ten ($10.00) dollars.

Sec. 6. When it shall be made to appear to the satisfaction of the Board that the applicant possesses the qualifications in this Act prescribed to fit him or her to practice medicine in this Territory, and that he or she has complied with the provisions of this Act, a license shall thereupon issue to the applicant. The license shall be signed by the president and countersigned by the secretary of the Board, and have impressed upon it the seal adopted by the Board. It shall recite that the person therein named has complied with the provisions of this Act, and that he or she is entitled to practice medicine in the Territory of Arizona, and shall be in such form as the Board may adopt.

Sec. 7. Upon proper proof to the Board of Medical Examiners of Arizona that the holder of any license issued under the provisions of this Act has been guilty, since the issuance thereof, of any grossly immoral or unprofessional conduct, or of any other conduct rendering him or her unfit to practice medicine in this Territory, or has been convicted of any felony, said Board shall, after due notice to such holder and full opportunity to him or her to defend against or refute such charges, revoke and cancel such license, and it shall thereafter be unlawful for such person to practice medicine in this Territory until he or she shall again be licensed thereto under the provisions of this Act.

Sec. 8. The members of the Board of Medical Examiners of Arizona shall receive for their compensation and reimbursement of all expense incurred by the Board or its members in the discharge of the duties imposed by this Act, the fees paid by the applicants for license and examination, the same to be apportioned and applied by the Board.

Sec. 9. The secretary of the Board shall keep a register of those to whom license to practice shall be issued under the provisions of this Act. Such record shall be kept in a substantially bound book, in which shall be entered in alphabetical order the name of licensees, their place of business, the date of issuance of license, and such other memoranda as the Board may direct. The secretary shall also keep a proper and accurate account of all moneys received and disbursed by him. He shall also properly endorse, file and safely keep all applications for license and accompanying papers, and papers used in the examination of applicants for license, and turn over all said books and papers to his successor in office.

Sec. 10. Any person shall be regarded as practicing medicine within the meaning of this Act who shall within this Territory, (a) by advertisement, or any notice, sign or

other indication, or by any statement, printed, written or oral, in public or in private, made, done or procured by himself or herself, or any other, at his or her request, for him or her, claim, announce, make known or pretend his or her ability or willingness to diagnosticate, or prognosticate any human diseases, ills, deformities, defects, wounds or injuries; (b) or who shall so advertise or make known or claim his or her ability and willingness to prescribe or administer and drug, medicine, treatment, method or practice, or to perform any operation, manipulation, or apply any apparatus or appliance for cure, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (c) or who shall within this Territory diagnosticate or prognosticate any human diseases, ills, deformities, defects, wounds or injuries, for hire, fee, reward or compensation, promised, offered, expected, received or accepted, directly or indirectly; (d) or who shall within this Territory prescribe or administer any drug, medicine, treatment, method or practice, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (e) or who shall act as the agent of any person, firm or corporation, in the practice of medicine as hereinbefore set forth; (f) except it be in the advertisement or practice of dentistry, midwifery or pharmacy, or in the usual business of opticians, or of vendors of dental or surgical instruments, apparatus and appliances.

Sec. 11. The provisions of this Act shall not be construed to modify or in any wise to affect the provisions of the laws of this Territory relating to the practice of dentistry.

Sec. 12. Any person or persons violating any of the provisions of this Act, upon conviction thereof, shall be fined in any sum not less than one hundred ($100) dollars nor more than one thousand ($1,000) dollars, or by imprisonment in the county jail for a period of not less than three months nor more than one (1) year, or both such fine and imprisonment at the discretion of the courts.

Sec. 13. All laws in conflict or inconsistent with this Act are hereby repealed.

Sec. 14. This Act shall be in force and effect from the date of its approval by the Governor; provided, however, that persons having already complied with previous laws regulating the practice of medicine in the Territory of Arizona shall have until the first day of June, 1903, within which to file their applications for license and procure same, and until such time no penalty shall be imposed upon such lawful practitioners for a violation of the provisions of this Act.

RULES ADOPTED BY THE BOARD OF MEDICAL EXAMINERS OF ARIZONA UNDER THE LAWS OF 1903.

1. Examinations will be held in Phoenix on the first Monday in January, April, July and October, lasting two days.
2. Examinations will be conducted in writing in the English language.
3. Examinations consist of five or ten questions in each of the following branches: (1) Anatomy, (2) physiology, (3) chemistry, (4) materia medica and therapeutics, (5) obstetrics, (6) gynecology, (7) practice, (8) pathology, (9) surgery.
4. In order to be admitted to practice, the applicant must obtain a total average of 80 per cent provided that in no branch shall the percentage be less than 70, except in practice, obstetrics, gynecology and surgery, in which branches the minimum is placed at 85 per cent.
5. The examination fee is payable in advance, on the first day of the examination.
6. Candidates once rejected may appear at the next regular meeting of the Board, with the special permission of the Board only. The applicant must pay full fee for the next examination.
7. Diploma and affidavits required by law must be presented to the Secretary before the examination is started.
8. No applicant known to be an habitual user of morphine or cocaine will be examined.
9. Any applicant presenting himself under the influence of alcoholics will not be examined.
10. Any candidate detected trying to give or obtain aid shall be instantly dismissed from the room, and his or her paper for the entire examination cancelled.
11. It is unlawful to practice in this Territory while awaiting an examination, but the Board will give special examinations when it is deemed advisable. Any physician engaged in the practice of medicine without complying with the law, is not only subjecting himself to prosecution and punishment, but can have no protection in event of malpractice suits, nor can he collect his fees by law. Any contract physician or surgeon in employ of a mining company's work who has not complied with the law, can be of no protection to the company which employs him, for the reason that he is already violating one of the laws of the Territory, and the court could not recognize him as a legal practitioner.

HIGHLAND SPRING SANATORIUM,

A. E. BROWNRIGG, M. D., SUPERINTENDENT. NASHUA, N. H. BOX A.

(See adv. opposite beginning New Hampshire.)

ARKANSAS.

CAPITAL, LITTLE ROCK.

Population of State, 1,311,564.
(U. S. Census of 1900.)
Number of Physicians, 2,685.

Arkansas, so called from the Arkansas tribe of Indians, was originally embraced in the territory of Louisiana, and was purchased in 1803 from the French government by Thomas Jefferson. It became a territory March 2, 1819, and was admitted as a state June 15, 1836. It is bounded on the north by Missouri, east by the Mississippi river, south by Louisiana and Texas and west by Texas and the Indian Territory. It lies between north latitude 33 degrees and 36 degrees 30 minutes, and between west longitude 89 degrees 45 minutes and 94 degrees 40 minutes. The greatest length from north to south is 242 miles and from east to west 275 miles. The eastern part of the state, embracing a portion of the Mississippi valley, consists principally of a rich alluvial plain, watered by numerous lagoons. The middle section is intersected by the Ozark mountains, dividing the state into two unequal portions, each possessing distinct climatic features. The principal rivers are the Mississippi, forming the eastern boundary, the Arkansas, the St. Francis, the White, the Ouachita and the Red, making over 1,500 miles of navigable streams. The climate is mild, the mean annual temperature in the northern portion being about 58 degrees, in the central 61 degrees, and in the southern 64 degrees. The northwestern portion is the coldest, and the southeastern the hottest. The rainfall varies from 54 inches in the southeast to 40 in the northwest.

The population of the state according to the U. S. census of 1900 is 1,311,564, as against 1,128,179 in 1890, representing an increase since 1890 of 183,385, or 16.25 per cent. The following table shows the increase in population for 80 years:

1820	14,255	1870	484,471
1830	30,388	1880	802,525
1840	97,574	1890	1,128,179
1850	209,897	1900	1,311,564
1860	435,450		

The total land surface of Arkansas is, approximately, 53,045 square miles.

Hot Springs, a well known health resort, is noted for its many mineral springs, varying from 75 to 157 degrees in temperature and having great curative powers in rheumatic and scrofulous diseases. Eureka Springs is also favorably known for the medicinal qualities of its waters. In addition to these there are a number of other mineral springs in the state.

For list of Medical Colleges, see page 152.

MEDICAL LAW OF ARKANSAS.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, AND PROVIDING FOR THE APPOINTMENT OF THREE BOARDS OF STATE MEDICAL EXAMINERS, AND DEFINING THEIR DUTIES.

Be it enacted by the General Assembly of the State of Arkansas:

Section 1. That the medical examiners herein provided for shall consist of three Boards: One of physicians and surgeons, recommended by "The Homeopathic Medical Society of Arkansas;" one of physicians and surgeons, recommended by "The Arkansas State Eclectic Medical Society;" and one of physicians and surgeons, recommended by "The Arkansas Medical Society."

There shall be seven (7) members of each Board, appointed so as to have one member from each congressional district upon each Board. The appointment shall be made by the Governor from a list of names presented by the respective medical societies.

Sec. 2. That the members first appointed on the Boards shall be divided into two (2) classes; the first class to consist of four (4) members appointed for two (2) years; the second class of three (3) members shall be appointed for four (4) years, and thereafter all appointments shall be for four (4) years.

Vacancies in the said Boards shall be filled as they occur by appointments from lists furnished as provided. No member shall be appointed for more than two terms in succession; and no member, or professor, or teacher in a medical college or school, or university, having a medical department, shall be appointed upon the Board.

Sec. 3. Within thirty days after their appointments, the respective Boards shall meet and organize by electing a president, secretary and treasurer of their respective Boards.

The treasurer of each of the said Boards shall give bond in such amount as may be designated by the Board, conditioned for the faithful disbursement of all moneys coming into his hands as such treasurer

Each of the said Boards shall have a common seal. The president and secretary shall have power to administer oaths for the purposes of this act. The members of the Boards shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution of this State for State officers.

Sec. 4. The said Boards shall hold four regular stated meetings per year, to-wit: The second Tuesdays in January, April, July and October, at such places as a majority

may agree upon, consulting the convenience of the Boards and applicants for examiation and certificates.

Special meetings may be held upon the call of the president whenever it is deemed necessary or expedient. Said Boards shall keep a record of their proceedings, together with a correct list of all applicants for license to practice medicine, in any of its branches, with name, sex, color, age, nativity; time spent in the study of medicine, and, if possessing a diploma, the name and locality of the institution granting same, stating the system of medicine followed by each.

This record shall also state whether the applicant was rejected or licensed; said record shall be prima facie evidence of all matters required to be kept therein, and a certificate issued under the seal of said Board, and signed by the president and secretary thereof, and shall be prima facie evidence in any of the courts of this State of any matter appearing upon said records.

Sec. 5. The Boards shall be styled and known as the "Homeopathic State Medical Board," the "Eclectic State Medical Board," and the "State Medical Board of the Arkansas Medical Society."

The "Homeopathic State Medical Board" shall examine all applicants who propose to practice the homeopathic system of medicine; the "Eclectic State Medical Board" shall examine all applicants who propose to practice the eclectic system of medicine; and the "Board of Arkansas Medical Society" shall examine all other applicants.

The Boards shall act separately and independently of each other, and wherever this act refers to and defines the duties of the Board, it shall be construed as referring to their acting separately, as well as independently of each other.

Sec. 6. Every person now practicing medicine in this State shall, within ninety days after the passage of this act, prepare a written statement, giving his name, postoffice address and county; when and where he received authority to practice medicine in this State; where his diploma or certificate is on record; and, if a diploma, from what school or medical college issued; such statement shall be sworn to before some officer authorized to administer oaths, and shall be forwarded to the secretary of the Board representing his school of medicine.

If it shall appear from such statement that such person was regularly authorized to practice medicine under the then existing laws, the said Board shall register the name of such person in their list of accredited physicians, and issue to such person a certificate that his name has been placed upon such list. If it shall appear from the statement that such person has not been legally authorized to practice medicine, or that his diploma is not from a reputable medical school or college, or, if from any other source of information, it shall appear that the statement is false, the Board shall refuse to issue to such a person a certificate, and shall notify such person in writing of their refusal and the reason therefor. If such person shall show to the satisfaction of the Board by affidavits or otherwise that he has complied with the laws of this State regulating the practice of medicine, they shall in that event issue to him a certificate. Upon the failure of such person to make the proof required by this section, he shall, before continuing in the practice, make application and stand examination required by the following provisions of this act.

Sec. 7. Any person who shall wilfully and knowingly make any false statement to the Board concerning his authority to practice medicine shall be deemed guilty of perjury and punished, as now provided by law for those found guilty of perjury, and may be indicted and tried for such offense, either in the county where the affidavit to such statement was made, or where such person resides.

Sec. 8. Every person residing in this State, or coming into it, of the age of twenty-one years, who has not heretofore been licensed to practice medicine under the existing laws, making application to register under the provisions of this act for the purpose of practicing medicine and surgery in this State, shall first make application to the Secretary of the Board, and his application shall be accompanied by a fee of ten ($10) dollars, this fee being for examination and registration before this Board. Such examination may be written or oral at the discretion of the Board, and shall be elementary and of a practical character, including anatomy, physiology, chemistry, materia medica, theory and practice of medicine, surgery and obstetrics.

If, in the opinion of the Board, the applicant possesses the necessary qualifications, the Board shall issue to him a certificate.

Sec. 9. Every person receiving a certificate from the Board, whether practicing now or hereafter licensed to practice, shall have such certificate recorded in the office of the County Clerk where he is practicing or proposes to practice; and, when such person moves to another county for the purpose of continuing the practice of medicine, he shall file for record with the County Clerk of the County to which he moves, a certified copy of his certificate.

Sec. 10. That to prevent delay and inconvenience any member of the Board applied to may grant an applicant a temporary permit to practice, upon the payment of the fee required of applicants, and after a satisfactory examination, such permit shall not continue in force longer than until the next regular meeting of the Board and shall in no case be granted within six months after the applicant has been refused a certificate by the Board.

No additional fee shall be charged the applicant by the Board who has previously paid the amount for a temporary permit. All amounts paid to members of the Boards for temporary permits shall be by such members paid to their respective treasurers.

Sec. 11. Every person who shall practice, or shall attempt to practice medicine in any of its branches, or who shall perform or attempt to perform any surgical operation for any person, or upon any person within this State without first having complied with the provisions of this act, shall be deemed guilty of misdemeanor, and upon the conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars, nor more than five hundred ($500) dollars; or by imprisonment in the county jail for a period of not less than ten days, nor more than ninety days; or by both fine and imprisonment; and each day of such practice shall constitute a separate offense.

DOCTOR. Have you tried SALO-SEDATUS in Typhoid Fever? See page 2.

Provided, however, That this shall not apply to persons now engaged in the practice of medicine until ninety days after passage of this act, the time allowed them for procuring their certificate.

Sec. 12. Any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or, who may, by writing, print or other methods, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient, in this State, shall be deemed to be in violation of this law and punished as provided. This does not apply to persons who obtain certificates as herein provided.

Sec. 13. Any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append M. D. or M. B. to his name; or repeatedly prescribe or direct for the use of any person or persons, any drug or medicine or other agency for the treatment, cure, relief of any bodily injury, deformity or disease.

Provided, That nothing in this act shall be construed as to prevent any person from administering domestic remedies without receiving any compensation therefor, and nothing herein shall apply to the so-called midwives.

Sec. 14. The Secretary of the Board shall provide the Board with blank books, certificates, and such stationery as is necessary for the transaction of the business pertaining to their duties. All money received by the Board shall be disbursed by the treasurer upon the warrant of the secretary, countersigned by the president of the Board.

The members of the Board shall receive as a compensation for their services the sum of ten ($10) dollars per day for every day actually engaged in the discharge of their duties under this act, and the secretaries shall receive such additional salary as may be fixed and agreed upon by the Boards.

The members of the Board shall pay their own traveling expenses and hotel bills. The members of the Boards shall look to and be dependent entirely upon the fees provided for herein for their compensation, and all other expenses in connection with their duties.

It shall not be lawful for the said Boards, or any members thereof, in any manner whatever, or for any purpose, to charge or obligate the State for the payment of any money whatever. If, after paying all legitimate obligations of the Board, for stamps, printing, salary of secretary, etc., there should not be sufficient sums on hand to pay each member his per diem in full, the amount shall be prorated; but, if, at the end of the year, there should be a greater revenue than sufficient to meet all obligations, such surplus shall remain in the treasury to be used in expenditures of the Boards during the succeeding year.

Sec. 15. The Boards shall annually file with the Governor a report of their transactions during the year, giving the names of all to whom they have granted certificates during the year, naming the system of medicine practiced by each, and shall in such report show the amount of money received; and from what source, the amount expended, and for what purpose, and shall embody in their report any other matters or facts deemed expedient, and make such recommendations for the improvement of the practice of medicine in this State as may be deemed advisable.

If the Boards shall have sufficient funds on hand to pay for same, they shall have said reports printed in pamphlet form and furnish each physician in this State with a copy thereof.

Sec. 16. All laws or parts of laws in conflict with this act are hereby repealed, and this act shall take effect and be in force 90 days after its passage.

Approved February 17, 1903.

JOURNAL

OF THE

MASSACHUSETTS ASSOCIATION OF BOARDS OF HEALTH.

THE OFFICIAL JOURNAL OF THE PUBLIC HYGIENISTS OF THE STATE.

SAMUEL H. DURGIN, M. D., - - *Editor.*

CONTENTS:

EDITORIALS—
By the leading Public Health Authorities.

TRANSACTIONS—
Of the Massachusetts Association of Boards of Health.

SANITARY ENGINEERING—
Water Supply, Sewage Disposal, Garbage Disposal, etc.

SANITATION—
Popular Essays by Professors of the Massachusetts Institute of Technology.

ABSTRACTS, REVIEWS, NOTES AND NEWS—
Concerning Official and Technical Hygiene in the United States, Canada and Mexico.

THE MASSACHUSETTS ASSOCIATION OF BOARDS OF HEALTH was organized in Boston, March, 1890, to advance sanitary science; to promote organization and co-operation between local Boards of Health; and to secure uniformity in sanitary laws and regulations.

The JOURNAL of this Association has, for fourteen years, faithfully reflected the views of the public hygienists of the State. It now seeks a larger field. Its circulation quadrupled within six months, under this policy of expansion.

THE HOT SPRINGS KEELEY INSTITUTE,

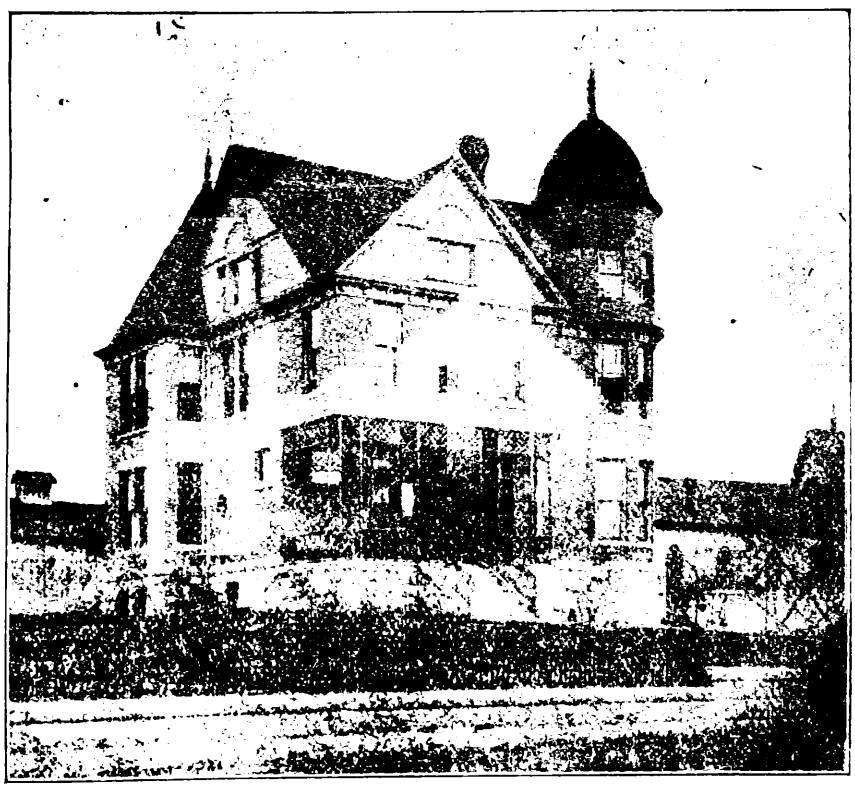
(ESTABLISHED 1891.)

For the Treatment of the LIQUOR, OPIUM, CHLORAL, COCAINE, TOBACCO HABITS and NEURASTHENIA.

Located at the famous Hot Springs of Arkansas. The only institute in this state using Dr. Leslie E. Keeley's Double Chloride of Gold Remedies. A course of the Hot Springs Baths given each patient during treatment. Our physician has been in this special line of practice since 1891.

DR. R. M. HUNTINGTON, Manager. **502 Park Ave.,** (on Electric Car line) **HOT SPRINGS, ARK.**

THE "DIAMOND JO" SANITARIUM



THE most desirably located of any establishment of its kind in the city, being one-half block from the Hot Springs R. R. depot, and at the same time off from the noise of business traffic.

The house is brick and modernly built, having been erected and occupied as a residence by the late Diamond Jo Reynolds. It is fitted with Steam Heat, Hot and Cold Water in every room; Gas and Electric Light, and attractively and comfortably furnished throughout.

Dr. JACOB W. McCLENDON, owner and physician in charge, has had 22 years' experience, most of it here.

MISS MARTHA NYEAGGRD, the matron, and her assistants, are professional nurses of long standing.

Potash Sulphur Springs

7 miles east of HOT SPRINGS, ARK.

"POTASH SULPHUR WATER,"

The Great Eliminator of Uric Acid.

Directly benefiting all diseases which arise from faulty Metabolism and defective elimination of tissue waste.

BRIGHT'S DISEASE in its early stages has been cured by this water alone, and receives wonderful benefit at any stage. Especially beneficial in all Stomach and Kidney affections.
First class Hotel Accommodations; Steam Heat; Telephone and Telegraph. Open the year round. Correspondence with physicians solicited.
All patients sent by their home physician given personal and strict attention. Water shipped everywhere.

TESTIMONIALS.

Letter from Dr. A. F. Sampson, Galveston, Texas.

E. E. Woodcock, Lawrence, Ark.

Dear Sir—Quite extensive and most gratifying have been my obvervations upon the therapeutical value of Potash Sulphur Water. Its combined effects upon the hepatic and renal systems have been very pleasing to me. In Uric Acid diathesis I hold Potash Sulphur Water superior to any other medication.

Yours truly,
A. F. Sampson, M. D.

Letter from Dr. L. A. Wailes, United States Quarantine Officer, Bocas del Torro Colombia, South America (through whose recommendation Potash Sulphur Water was first shipped to South America.)

Mr. E. E. Woodcock, Lawrence, Ark.

Dear Sir—My first attention to your famous water dates back to 1887, when I sent a most intractable Rheumatic patient to Potash Sulphur Springs with the most happy, and I may add remarkable results. Since then my confidence in the virtues of the water has been confirmed by similar results in other cases I have since taken the water myself for Dyspeptic troubles, Hyperchloro-hydrosis, with happy relief. As a table water, I regard it as fully equal to Apollinaris.

Very truly yours,
L. A. Wailes, M. D.

Letter from Dr. Wm. A. Adams, Fort Worth, Texas.

Mr. E. E. Woodcock, Lawrence, Ark.

Dear Mr. Woodcock—I have prescribed very extensively your Potash Sulphur Water. It gives me a great deal of pleasure to endorse this water as a therapeutic agent. I have found it especially serviceable in bladder diseases. Cystitis, specific or catarrhal, is greatly benefited by the free administration of Potash Sulphur Water. Your water is also serviceable in acute and chronic mephritis (Bright's Disease). It acts wonderfully in cases of specific urethritis. As a flushing water there is no superior.

Yours very truly,
Wm. A. Adams, A. M, M D., L. L. D.

CALIFORNIA.

CAPITAL, SACRAMENTO.

Population of State, 1,485,053.
(U. S. Census of 1900.)
Number of Physicians, 3,908.

California, the second largest state in the Union, was ceded to the United States by the treaty of peace which terminated the war with Mexico in 1848, and was admitted as a state in 1850. It extends from 32 degrees 34 minutes to 42 degrees N. latitude, and from 114 degrees 8 minutes to 124 degrees 24 minutes W. longitude, and is bounded on the north by Oregon, on the east by Nevada and Arizona, on the south by Mexico, and on the west by the Pacific ocean. It comprises an area of 188,981 square miles, or 120,947,840 acres. It is naturally divided into four distinct regions: 1. The Coast Ranges; 2. The Sierra Nevada; 3. The Central Valley; 4. The Southwestern Region. California has but two large rivers, the Sacramento and San Joaquin, which traverse the Great Central Valley in opposite directions and empty into Suisun Bay, and the Klamath and Salinas and numerous smaller streams drain the state. The climate of California varies considerably in different portions, the mean annual temperature in the north being below 50 degrees F., while in the southeastern portion it exceeds 70 degrees F. The mean annual temperature of San Francisco for a period of eleven years was 55.23, and at Fort Yuma for a corresponding period, 74.77. In San Francisco rain falls freely during November and December, and the hottest months are September, October, August and July, in the order named.

The interior of the state, not being influenced by the sea, has a continental climate, and the greater the distance from the ocean the colder the nights and the warmer the days. The average annual rainfall increases from S. to N., and in the Sierra Nevada with the altitude; in Fort Yuma it is but 4 inches; in San Diego, 9.16; in Sacramento, 19.56; in San Francisco, 21.69; and in the Sierra, at an altitude of 5,000 feet, 45 inches and more.

The state has as valuable mineral springs as can be found anywhere, rivaling the famous spas of Europe. Dr. Winslow Anderson, in his work, "Mineral Springs and Health Resorts of California," says:

"In California we have over two hundred cold and hot mineral springs, ranging from the cool, delicious, effervescent soda and sparkling vichy to the ferruginous, saline, alkaline and sulphurous wells, ever ready and overflowing, to be utilized for the healing of the 'many ills to which the flesh is heir.'

"When our California springs become more generally known, and their similarity to the famous European spas is better understood, our invalids may not find it necessary to undertake the long, tedious, expensive, and in many instances hazardous journey, when they can find right here in California, at their very doors, as it were, almost the identical waters, with all the conveniences and luxurious accommodations found abroad, and with the additions of a variety of food products and a pure, dry and balmy atmosphere, and an invigorating and stimulating climate unequaled in any other country in the world.'

The following shows the increase of population for fifty years:

1850.....	92,597	1880.....	864,694
1860.....	370,994	1890.....	1,208,130
1870.....	582,031	1900.....	1,485,053

MEDICAL LAW OF CALIFORNIA.

AN ACT FOR THE REGULATION OF THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF CALIFORNIA, AND FOR THE APPOINTMENT OF A BOARD OF MEDICAL EXAMINERS IN THE MATTER OF SAID REGULATION.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. Appointment of Board, Quorum.—There shall be a board consisting of nine members, which shall be known as the board of medical examiners of the State of California. The members of said board shall be elected as follows: Five members thereof shall be elected by the Medical Society of the State of California, two members thereof by the California State Homeopathic Medical Society, and two members thereof by the Eclectic Medical Society of the State of California. Said members shall be elected annually by said societies, respectively, according to such rules as each society may adopt for the election of members to be elected by it, and the members so elected shall serve for one year, and until their successors shall have been elected and qualified. Each of said societies respectively may also elect alternates who shall fill such vacancies as may occur in its representation on the board. It shall require the affirmative vote of six members of said board to carry any motion or resolution, to adopt any rule, to pass any measure, or to authorize the issuance of any certificate to practice medicine and surgery as in this act provided.

Sec. 2. Oath.—Each member of said board shall before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine, and a legally qualified practitioner of medicine in this state.

Sec. 3. Organization, Meetings.—Said board shall organize by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of the board. Said board shall hold its regular meetings in the city of San Francisco on the first Tuesdays of April, August and December of each year, for the consideration of applications for certificates, and for the transaction of such other business as may properly come before it with power of adjournment from time to time until its business is concluded; provided, however, that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the state designated by said board of examiners, under the supervision of any one member of said board, upon written questions previously prepared by said board; and when the examination is concluded the questions submitted, together with the answers and any other evidence or affidavits used or produced at said examination, shall be signed by said examiner and immediately returned to the board of examiners, who shall act upon said application for a certificate in the same manner as if the person had appeared personally before said board. Notice of each regular meeting of the board shall be given by publication twice a week, for each of the two weeks next preceding each meeting, in two daily papers published in the city of San Francisco, in one daily paper published in the city of Sacramento, and in one daily paper published in the city of Los Angeles. Special meetings of the board may be held at the call of the president, at such time and place as he shall direct, and the same notice thereof shall be given as in the case of regular meetings. Said board shall procure a seal, and shall receive through its secretary applications for the certificates provided to be issued under this act.

Sec. 4. Rules.—Said board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have the authority to take evidence as to any matter cognizable by it.

Sec. 5. Requirements, Examination, Fee.—Every person before practicing medicine or surgery, or any of the departments of medicine or surgery in this state, must have the certificate herein provided for. In order to procure such certificate he must

produce satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which medical school shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year; or he must produce satisfactory evidence of having possessed such diploma, or a license from some legally constituted institution which grants medical and surgical licenses only upon actual examination, or satisfactory evidence of having possessed such license; and he must accompany said diploma or license with an affidavit stating that he is the lawful possessor of the same, that he is the person therein (named), and that the diploma or license was procured in the regular course, either of instruction or examination, without fraud or misrepresentation of any kind. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. In addition to such affidavit, said board may hear such further evidence as, in its discretion, it may deem proper as to any of the matters embraced in said affidavit. If it should appear from such evidence that said affidavit is untrue in any particular, or if it should appear that the applicant is not of good moral character, the application must be rejected.

In addition to the requirements above set forth, each applicant for a certificate must be personally examined by said board as to his qualifications to practice medicine and surgery. The examination shall be conducted in the English language, and shall be, in whole or in part, in writing, and shall be on the following subjects, to wit: Anatomy, physiology, bacetriology, pathology, chemistry and toxicology, surgery, obstetrics, materia medica and therapeutics, and theory and practice of medicine. When the applicant applies for examination in materia medica and therapeutics, and theory and practice of medicine, he shall designate in what school of medicine he desires to practice, and only the member or members of the board who belong to the school so designated shall participate in this part of the examination. Examinations shall be practical in character, and designed to discover the applicant's fitness to practice medicine and surgery.

Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of one to ten. If an applicant fail in his first examination he may, after not less than six months, be re-examined. If he fail in a second examination he shall not thereafter be entitled to another examination in less than one year after date of second examination, and shall be required to pay for such examinations the full fee. The examination papers shall form a part of the records of said board, and shall be kept on file by the secretary. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret by the secretary until after the board has finally voted upon the application. The secretary of the board of medical examiners shall in no instance participate, as an examiner, in any examinations held by the board; nor shall he be entitled to vote upon the question of granting any certificate to practice medicine and surgery.

Said board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the medical examining board of the District of Columbia, or of any state or territory of the United States; provided, however, that the legal requirements of such medical examining board shall have been, at the time of issuing such certificate, in no degree or particular less than those of California at the time when such certificate shall be presented for registration to the board created by this act; and provided further, that the provisions in this paragraph contained shall be held to apply only to such of said medical examining boards as accept and register the certificates granted by this board without examination by them of the ones holding such certificates. Each applicant, on making application, shall pay to the secretary of the board a fee of twenty (20) dollars, which shall be paid to the treasurer of said board by said secretary.

Sec. 6. Certificate.—When any applicant has shown himself to be possessed of the qualifications herein required, and has successfully passed the said examination, a certificate must be issued to him by said board, authorizing him to practice medicine and surgery in this state. Said certificate shall be signed by the president and secretary of said board, and sealed with the seal of the board.

Sec. 7. Record of Proceedings.—Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each application. Said record shall be evidence of all the proceedings of said board which are set out therein.

Sec. 8. Registration.—Every person holding a certificate authorizing him to practice medicine or surgery, or both, in this state, must have it recorded in the office of the county clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county clerk recording the same. Every such person, on each change of residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate who shall practice medicine or surgery, or attempt to practice medicine or surgery, without first having filed his certificate with the county clerk, as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 9. The county clerk shall keep in a book, provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 10. Refusal to Grant Certificate; Revocation of Certificate; Unprofessional Conduct.—Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with

having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citations and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuse to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter, in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court; and should said court find that the subpoena had been legally served, and that the party so served had wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation, or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct subsequently to the passage of this act, and unless he has been guilty of such conduct within two years next preceding his application. Whenever any holder of the certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter pointed out, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not thereafter be permitted to practice medicine or surgery, or any of the departments of medicine or surgery, in this state. But no such revocation shall be made unless said holder is cited to appear, and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. The accused party, at the time he presents his answer for filing, shall deposit with the secretary his certificate, and unless he do so, the secretary must not file his answer, and default shall be thereupon entered against him, and his certificate revoked if the charges on their face be deemed sufficient by the board. When the certificate is revoked, the secretary of the board, if said certificate has been deposited with him, shall write across the face thereof, in red ink, the fact of such revocation, and shall file said certificate, so revoked, among the archives of his office and shall also certify the fact of such revocation, under the seal of the board, to the county clerk of the counties in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person the following:

"This certificate was revoked on the —— day of ———," giving the day, month and year of such revocation, in accordance with said certification to him by said secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. If said board shall decide against revocation, the certificate shall be returned to the holder thereof. No certificate shall be revoked for unprofessional conduct unless the accused has been guilty thereof subsequently to the passage of this act, and unless he has been guilty thereof within two years next preceding the time of filing the complaint charging him with such unprofessional conduct. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery in this state.

The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First—The procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Third—The wilfully betraying a professional secret.

Fourth—All advertising of medical business in which grossly improbable statements are made.

Fifth—All advertising of any medicines, or of any means, whereby the monthly periods of women can be regulated, or the menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance.

Sec. 11. Expenditures of the Board.—Said board shall have the power to employ legal counsel and clerical assistance, and to fix the salaries of the same, and to incur such other expenses as may be deemed necessary to carry into effect the provisions of this

SAUNDERS' SUCCESSFUL BOOKS

act. It shall also fix the salary of the secretary, not to exceed the sum of twenty-four hundred dollars per annum, and the sum to be paid to other members of said board, not to exceed ten dollars per diem each for each and every day of actual service in the discharge of official duties; and said board may, in its discretion, add to said sums necessary traveling expenses. All money in excess of the actual expenses of the board shall be paid annually into the treasuries of the respective state medical societies, and shall be pro rated according to the number of representatives of each school among the applicants examined.

Sec. 12. Illegal Practice.—Any person practicing medicine or surgery in this state, without having, at the time of so practicing a valid, unrevoked certificate, as provided in this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment for a term of not less than sixty days, nor more than one hundred and eighty days, or by both such fine and imprisonment. In each such conviction one-half of the fine shall be paid, when collected, to the prosecuting witness, or witnesses, and the other half shall be paid into the school fund of the county, or city and county, in which such conviction is had.

Sec. 13. Unauthorized Registration.—Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 14. False Representation.—Any person assuming to act as a member of a state board of medical examiners, or who shall sign, or subscribe, or issue, or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this state, except the person so acting and doing shall have been elected a member of said board of medical examiners as in this act provided, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a term of not less than sixty nor more than one hundred and eighty days, or by both such fine and imprisonment.

Sec. 15. Previous Registration.—Any person who holds a certificate from one of the boards of examiners heretofore existing, under the provisions of "An act to regulate the practice of medicine in the State of California," approved April third, eighteen hundred and seventy-six, or an act supplemental and amendatory to said act, which became a law April first, eighteen hundred and seventy-eight, shall be entitled to practice medicine and surgery in this state, the same as if it had been issued under this act; but all such certificates may be revoked for unprofessional conduct, in the same manner and upon the same grounds as if they had been issued under this act.

Sec. 16. Definition.—The following persons shall be deemed as practicing medicine or surgery within the meaning of this act:

1. Those who profess to be, or hold themselves out as being engaged as doctors, physicians or surgeons in the treatment of disease, injury, or deformity of human beings.

2. Those who, for pecuniary or valuable consideration, shall prescribe medicine, magnetism, or electricity, in the treatment of disease, injury, or deformity of human beings.

3. Those who for pecuniary or valuable consideration shall employ surgical, or medical means or appliances for the treatment of disease, injury, or deformity of human beings, except dealers in surgical, dental and optical appliances.

4. [Those who, for a pecuniary or valuable consideration, prescribe or use any drug or medicine, appliance, or medical or surgical treatment, or perform any operation for the relief or cure of any bodily injury or disease.]

The doing of any of the acts in this section mentioned shall be taken to be prima facie evidence of an intent on the part of the person doing any of said acts to represent himself as engaged in the practice of medicine or surgery, or both; but nothing in this act shall be so construed as to inhibit service in the case of emergency, or the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital service, in the discharge of his professional duties, nor to any legally qualified dentist when engaged exclusively in the practice of dentistry, nor to any physician or surgeon from another state or territory, when in actual consultation with a legal practitioner of this state, if such physician or surgeon is, at the time of such consultation, a legal practitioner of medicine or surgery in the state or territory in which he resides; nor to any physician or surgeon residing on the border of a neighboring state and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends with the limits of this state; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this state.

Sec. [17]. Repeal.—An act entitled "An act to regulate the practice of medicine in the State of California," approved April third, eighteen hundred and seventy-six, and an act entitled "An act supplemental to and amendatory of an act entitled 'An act to regulate the practice of medicine in the State of California,' April third, eighteen hundred and seventy-six," which became a law April first, eighteen hundred and seventy-eight, and all acts, and parts of acts, in conflict with this act are hereby repealed.

EXTRACT FROM THE RULES OF THE BOARD OF MEDICAL EXAMINERS OF THE STATE OF CALIFORNIA.

The medical law and the rules of this board require an applicant to possess a diploma issued to him by a legally chartered medical college, the requirements of which are in no particular less than those prescribed by the Association of American Medical Colleges for that year.

VARNISH MANUFACTURERS. DETROIT, MICH.

The applicant must produce to the board such a diploma, and an affidavit stating that he is the lawful possessor of such diploma; that he is the person therein named; and that the diploma was procured in the regular course, either of instruction, or examination, without fraud or misrepresentation of any kind. Such affidavit must be taken before any person authorized to administer oaths (blanks will be furnished by the secretary of the board).

The applicant must furnish satisfactory testimonials of good moral character.

In addition to the above, every applicant must be personally examined on the following subjects: Anatomy, physiology, bacteriology, pathology, chemistry and toxicology, surgery, obstetrics, materia medica and therapeutics, theory and practice of medicine.

1. Each candidate shall place on his answer papers the "number" given him. No other mark of identification shall be allowed on the answer papers. Each candidate will be known by his number, which will be arranged as follows: Envelopes will be numbered, each containing a blank bearing the corresponding number, on which the applicant will write his name and address. This completed blank shall be returned by the applicant to the envelope sealed by him.
2. The examination must be in writing and in the English language.
3. Handwriting of candidates must be legible.
4. Not less than ten questions shall be given on each subject and all subjects for examination covered by the nine question papers given.
5. No dishonest methods will be tolerated, and any candidate who disregards this rule will be debarred from further examination. This rule includes the giving of, or obtaining aid.
6. No candidate will be allowed to leave the room after the question papers have been distributed, until he has completed his answers and delivered the same to the member in charge.
7. The time allowance for each examination paper shall not exceed two hours.
8. A general average of 75 per cent must be attained on each subject, except as hereafter provided; a minimum of 60 per cent must be attained in the following branches: Anatomy, physiology and pathology.

The fee is twenty dollars, and should accompany the application.

The regular meetings of the board will be held on the first Tuesday of April, August and December of each year.

All communications should be addressed to the secretary.

COLORADO.

CAPITAL, DENVER.

Population of State, 539,700.
(U. S. Census of 1900.)
Number of Physicians, 1,543.

Colorado was organized as a territory February 28, 1861, and admitted as a state August 1, 1876. The total land surface of Colorado is, approximately, 103,645 square miles. The average number of persons to the square mile, as shown by the census of 1890, was 3.9, and in 1900, 5.2.

Colorado had, in 1860, a population of 34,277, and in 1870 a population of 39,864, but in 1880, the first census taken after its admission as a state, it had grown to 194,327, representing an increase in ten years of 154,463, or 387.4 per cent. During the decade from 1880 to 1890, its population was again increased by 112.1 per cent, giving a total in 1890 of 412,198. The poulation of Colorado in 1900, which was 539,700, is nearly sixteen times as large as the population given for 1860, the first year in which its population is given in the census report. It is the fifth state in area and thirty-first in population.

It extends from 37 degrees to 41½ degrees north latitude and from 102 degrees to 109 degrees west longitude, and is bounded on the north by Wyoming and Nebraska, on the east by Nebraska and Kansas, on the south by New Mexico and the Indian Territory, and on the west by Utah. It is the third largest state in the Union, ranking after Texas and California, and comprising an area of 104,500 square miles, or 66,860,000 acres. The main range of the Rocky Mountains runs through the center of the state and forms the "Continental Divide." From one side the streams flow into the Gulf of Mexico, and from the other into the Pacific ocean.

The principal rivers are the South Platte and Arkansas, and these with their tributaries suffice to irrigate all the farm lands in the great agricultural counties of the state.

The climate resembles that of the Eastern states in the same latitude, except that the air is much drier and the range of temperature between the extremes much smaller. Rain falls almost exclusively from May to July, the other months are dry. Frost appears about the middle of September and continues until the opening of spring, which generally occurs a month earlier than in the East.

cities of 5,000 or more population was 2 per 1,000. In 1900 the rate was 18.6 per 1,00 in 341 cities of 8,000 population and upward a reduction of 2.4 per 1,000." The average age at death in 1890 was 31.1 years; in 190 it was 35.2 years. The total deaths in Colorado in 1900 were 7,791, rate per thousaid 14.43. Pneumonia kills more than any other disease, not excluding tuberculosis.

WHERE TO GO.

Hundreds of young men and women in our land are asking themselves the question: Where may I go to secure returning health and at the same time find good facilities for securing a medical education? The answer comes: To the Elevated Tablelands of the Mountain Regions of the Middle West, of Which Denver is the Metropolis.

MEDICAL LAWS OF COLORADO.

The laws regulating medical practice in Colorado are essentially as follows:

Those physicians holding diplomas from recognized reputable medical schools are registered upon the presentation of diplomas or other sufficient evidence of graduation; fee, $5.00.

All applicants graduating after January 1st, 1900, must have had four full courses—in four separate years—in medical colleges having adopted the standard of requirements equal to those of the A. A. M. C.

A doctor presenting to the secretary a diploma or evidence of graduation from a recognized medical school, and filing his affidavit thereof, is granted a temporary license to practice medicine and surgery in the State until the following Board meeting, when action is taken upon his application for a permanent license.

Other physicians and undergraduates applying for licenses are examined in anatomy, chemistry, physiology, pathology, surgery, practice of medicine, obstetrics and diseases of women. Fee, $10.00. Examinations at regular sessions only—the first Tuesdays in January, April, July and October.

Only residents of Colorado are registered, but it is not necessary that an applicant for a license appear in person. In such case the affidavit and diploma have to be sent to the secretary for inspection and filing. The affidavit must be acknowledged either before the secretary of the Board or a Colorado notary public; otherwise it must be accompanied by proof of residence in Colorado. Address S. D. Van Meter, M. D., secretary Board of Medical Examiners, 1723 Tremont street, Denver.

ANTIPHLOGISTINE

Embraces by far the largest and most important field of curative therapeutics of any preparation known to the medical profession. This is a strong statement, true, but Antiphlogistine

HAS

Demonstrated to the best clinicians the world over, its decided value in relieving inflammation of the superficial and deep structures.

A

Medication which assures results to the practitioner, economizing the patient's energy and finance, cannot fail to hold its permanent and praiseworthy reputation.

In every instance it is of the utmost importance that Antiphlogistine be applied warm and thick and covered with absorbent cotton and a compress.

Synovitis, Bruises and Sprains readily recover under the protecting and aiding influence of Antiphlogistine. In deep-seated inflammations of the thoracic and abdominal viscera, Antiphlogistine has the

REPUTATION

Of rendering effective relief, very often aborting a serious termination by immediate resolution.

For convenience Antiphlogistine is marketed in four sizes only—Small, Medium, Large and Hospital—never in bulk. To insure economy and the best results, always order a full package and specify the size required.

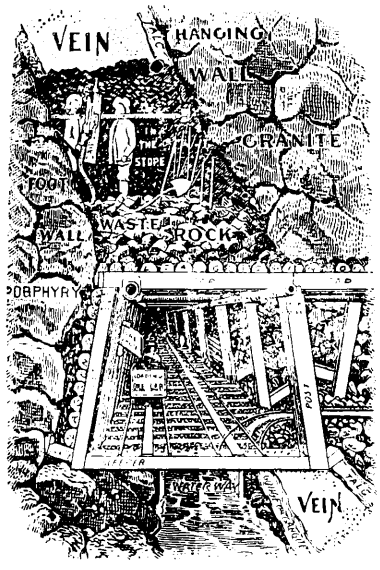
SUCCESSFUL GOLD MINING
THROUGH
1,000 % Co-operation. 1,000 %



ONE OF OUR TUNNEL INTERIORS.

THE principle of co-operation, as applied to gold mining by the Big Five federation, gives to every man an opportunity to share in the wealth of the world by returning to each, not a part, but all the wealth his labor or his dollar creates.

The man who invests in Big Five stock becomes at once an owner in all franchises, locations and privileges of every kind, including an actual property in mines exceeding in value $3,000,000, already owned by the federation.

Such a privilege is given in the field of gold mining nowhere outside of the Big Five. The co-operative principle rightly applied has made this possible. Just how the principle is applied the table shows, under the heading of the three departments through which the business of the Big Five is conducted.

These are the departments and the functions of each:

1st PURCHASING	Buying, Selling, Organizing Promoting.	Owned by the operating (mining) companies, which have each subscribed for a proportionate amount of the capital. (Members make a special participating loan subscription temporarily.)
2d DEVELOPING	Tunnels, Drainage, Transportation, Treatm't.	Owned by the operating (mining) companies, which have each (except one) subscribed for nearly proportionate amounts of the capital stock of the Big Five Tunnel, Ore Reduction and Transportation Company (incorporated).
3d OPERATING	Mining, Selling Ore and Distributing profits to members.	Owned by the individuals who subscribe to the stock and who are, therefore, the owners of the other two departments. There are nine of these operating companies now, the Dew Drop, Timberline, Columbia, Adit, Ni Wot, Belman, Miami, Edgar and Tamarack.

IN the milling, smelting and tunnel enterprises of the West are built up the great fortunes. The American Smelting, the Guggenheim Exploration and their auxiliary companies started with millions and are annually rolling up other millions. Unlike these, but with the same purpose, the Big Five began with little, but has, in a short time, amassed $3,000,000 of property in mines by combining small investments, and through co-operation, has given them a force not merely equal but greater than a like amount employed by the capitalist.

All that these can do and are doing we can do—and more. If there are millions in smelting for them, there are like millions for us; we have equal or greater force and the same opportunity. If there are millions for them in tunnels and transportation, there are like millions for the Big Five; we have under way three of the greatest mining tunnels in Colorado.

There is but one safe way of going into mining, and that is to go in so extensively that you can force success. These masters of great enterprises in mining

have proved this—they never tackle an individual proposition They don't do it. Nor do we. Every move is made on the broadest possible lines. The tunnel's the thing—if you are going into mining. It's slower, and in the beginning more expensive; but if you want to be the master of the district, if you want to make an entire region pay tribute, if you want to mine at the least cost and give to the money you employ the greatest earning power, drive a roadway into the heart of the mines, let them drain themselves, send down their own ore, and instead of tying fortune to a single mine, make it a dozen.

That's the way to force success in mining, and in a well selected country you can't fail. And the Big Five has carefully selected its country.

Here is an instance. We are driving the Central tunnel at Idaho Springs. It starts from the bed of the creek—the lowest point—and is driven under a series of ore shoots and old mines that have produced for forty years. Along the line of that tunnel and contiguous to it, $80,000,000 have been taken out in the last forty years. Measuring the cubic feet of vein matter that has been taken out to produce the $80,000,000, the Central tunnel will open ten times that much ore. Discount this estimate 50 per cent and it is safe to say that the Central tunnel will produce five times $80,000,000. A single mine on that line would be risky; but a dozen such tied to a tunnel plan—it's a cinch.

But this is not all. Every foot a great tunnel is driven into such a country, value is added to the old mines lying ahead on its course. The cause is obvious, too obvious to need discussion; head a great railroad toward an isolated town and values jump at once. Old mines lying in the course of the Newhouse tunnel just to the east of our work, have advanced 2,400 per cent in the last five years. Simply the presence of the tunnel did it. The same is true on the line of the Central—with this difference. The Big Five, realizing this, is not proposing to give the value which our work created to others. The opening of the mines is well, but this is only a single source of profit. Here is another—the increased value of property incident to our work; and to get this, all of it, the Big Five has its well organized PURCHASING DEPARTMENT,

THE PURCHASING DEPARTMENT has already secured a large number of properties along the lines of the various Big Five tunnels, and it is the all-seeing eye, ever searching for new bonanzas.

The properties that the department has already acquired are rapidly advancing in value and it is the purpose that the Purchasing Department shall acquire all or nearly all the properties along every one of our tunnels.

The operating companies of the Big Five own the Purchasing Department and the Developing Department—the tunnel company—and, therefore, the individual stockholders in the operating companies share the profit made in both the Development and Purchasing Departments, but in order that there may be a steady increase in the amount of money available in the Developing and Purchasing Departments, it is necessary to organize new operating companies; therefore, the Purchasing Department, from time to time, selects its most promising groups of properties and incorporates a new operating company and disposes of the stock in order that the new corporation may carry forward its share of the investment in the tunnel and in the new properties along the lines of the tunnels.

In this way, the Purchasing Department owns all the unsold stock of the operating companies, as well as the unincorporated properties of the Big Five.

There is, therefore, a very great and handsome profit in the organization of new companies, and especially in holding a portion of the stock unsold until the tunnels have opened the property and the operating company is producing and paying dividends. All this unsold stock is owned proportionately by the operating companies, who own the Purchasing Department.

We have a book called "The Big Five by Fitz-Mac," which goes into all the details as to the working of the Big Five co-operative plan. It is free. Send for it.

THE OPERATING DEPARTMENT of the Big Five now consists of nine incorporated mining companies. They correspond to the retail stores in the Rochdale system of co-operation. Eventually there will be nine hundred of them federated and working under our co-operative plan.

It is into the operating companies that the investor puts his money. Here his interest begins. As these companies own the developing department—the Big Five Tunnel, Ore Reduction and Transportation Company—and likewise the Purchasing and Promoting Department, his interests extend throughout the entire system, and he thus shares the profits wherever made.

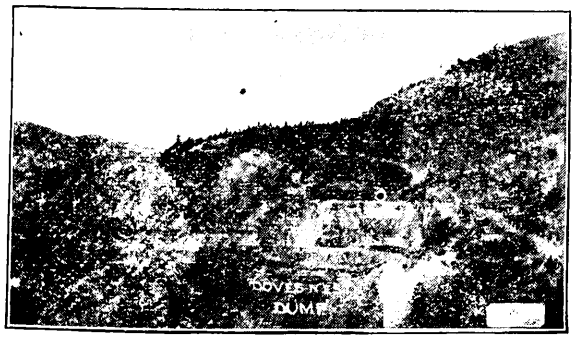
The Purchasing Department organizes each new operating company and so finances it as to make it an owner in the tunnel company and in the Purchasing Department. It sells the stock of such company and donates to its treasury not only the interest in the tunnel company and in the Purchasing Department, but creates for it a reserve fund and a treasury fund sufficient to fully equip the mine and open it for production. Under such a plan it will be seen at once that every requirement of organization, financing and developing of the company is provided for; that, therefore, the profit on all ores mined goes at once into the dividend fund, into which fund is also turned all profits arising from the operation of the tunnel company, and profits derived from the Purchasing Department.

And this dividend fund is never drawn upon except to pay dividends to the owner of the stock.

The dividend fund of each operating company receives a proportionate amount of the profits from the Purchasing and Development Departments, because the companies own relatively nearly the same amounts in both these departments; but the amount going to the dividend fund from the ore taken out by each company is a variable quantity.

One company may open a bonanza and have thousands of dollars going into its dividend fund every month from this source, while another company may have little or nothing in the form of profit from ore.

It is the investor's privilege, of course, to select the company he shall invest in. Should the choice not prove a wise one, so far as the mine is concerned, he's still safe, for the money he pays for the stock in the company goes entirely to the Development and Purchasing Departments. This money either goes for tunnel driving and mill building, or for acquiring new properties, and eventually all the profit from these sources comes back to the operating company, so the individual investor is insured, and under the most adverse circumstances of his company, he cannot lose his money, but receives a reasonable and, in all probability, a large profit on his investment, regardless of the ore taken out by his company.



THE DOVE'S NEST.--A BELMAN MINE.

There are, in our plan of work, most excellent opportunities ahead for investors. On the following page we present the features of one of our operating companies—the Belman—one we feel certain will become a great producer of ore besides holding its proportionate interest in the Development and Purchasing Departments.

We want you to glance through that page and join us in this great co-operative plan. The money you pay in will go right to work, half of it driving tunnels and the other half buying additional properties along the tunnel lines that will have a sure increase of 1,000 per cent in value as soon as the tunnel undercuts them.

THE BELMAN MINING COMPANY.

THIS is one of the Big Five operating companies, incorporated for 5,000,000 shares of $1 each, full paid and non-assessable. It is one of the few mining companies of the district whose mines were formerly operated from the surface at a profit against the disadvantage of hoisting the ore and water to the surface and hauling the ore to the foot of the mountain. The mines are at Idaho Springs, Colorado, on the same vein and adjoining the Gem Consolidated, which mines are now operating through the Newhouse tunnel, and the company is preparing to build an 800-ton mill for treating the ores.

The Belman Company has three distinct groups of old producing mines—the Dove's Nest group, the Belman and the German. These, jointly, have produced more than $400,000 from the surface workings, and being on the line of our great tunnel, the Central, will be well opened in about twenty-four months from January 1st, 1904.

The tunnel is now driving toward them at the rate of 150 feet per month, and every foot of drive is increasing their value, but long before the Belman is reached other veins will be opened big and rich, and the Central tunnel will be producing a handsome profit months before the Belman ground is tapped.

Stock in this company should advance from 50 to 100 per cent within the time mentioned. It may not, but there is a strong probability that it will. No matter if it does. It's all the better for you, for as the owner or possessor of this directory, we have arranged to accept your subscription at the price quoted in the 1,000 share form below, any time before July 1st, 1904.

On the receipt of any subscription cut from this directory during this time, 1,000 shares will be assigned the subscriber.

A 1000-Share Subscription Blank. 1000 shares is the limit. *You can't get more than that.*

To the ***Belman Mining Company,*** *1824 Curtis St., Denver, Colo.*

No. _____ I hereby subscribe for **One Thousand Shares** of stock in the Belman Mining Company at 30 cents per share, $7.50 enclosed as first payment, and balance to be paid for in 39 equal monthly payments of $7.50 each: the full amount of stock to be assigned to me but retained by the treasurer of the Belman Mining Company until payments are all made, sending me a receipt for each payment.

The whole or any part paid on this subscription may, at the option of the subscriber, be transferred and applied in part payment for stock in any company the Big Five may hereafter organize.

It is expressly understood that I may discontinue the payments at any time and the Company shall at once, upon my request, issue to me full paid stock in even hundred shares for the amount I have paid. Lapse of payment for 30 days be deemed an abandonment, but the Company shall issue to me full paid stock for the amount paid, and balance of credit after stock in even hundreds has been issued, shall be forfeited. The right is reserved to reject any and all subscriptions and to cancel any unpaid assignment.

$280 cash pays for 1,000 shares. $280 divided into three equal monthly payments accepted as cash.

COME AND SEE. Come out next summer and spend your vacation in Colorado. Go to Idaho Springs and take the invigorating soda baths; go through the Central Tunnel and see the veins that are opened and the ore that is being developed. Go up onto the surface and examine the Belman property. If you are not entirely satisfied, you will get your money back with 6 per cent interest.

We publish monthly a mining magazine called the Big Five Era, and in it offer new opportunities. We furnish it free to anyone who will read it. Send us your name at once, signifying your willingness to accept and read the Era, and it will be sent you regularly.

CONNECTICUT.

CAPITAL, HARTFORD

Population of State, 908,355.
(U. S. Census of 1900.)
Number of Physicians, 1,434.

Connecticut, one of the original thirteen states, extends from 41 degrees to 42 degrees 2¾ minutes N. latitude, and from 70 degrees 55 minutes to 73 degrees 50 minutes W. longitude, and is bounded on the north by Massachusetts, on the east by Rhode Island, on the west by New York, and on the south by Long Island Sound. It comprises an area of 4,730 square miles, or 3,027,200 acres.

The climate is marked by great extremes and sudden changes; the winters are cold, the summers very warm. The district bordering on the sound is the hottest and the northwestern portion the coldest. The mean annual temperature, as observed at the capital, is about 50 degrees, and the rainfall varies from 41 to 47 inches, according to the place of observation.

The following table shows the increase in population for 100 years:

1800	251,002	1860	460,187
1810	261,942	1870	537,454
1820	275,148	1880	662,700
1830	297,675	1890	746,258
1840	309,978	1900	908,355
1850	370,792

The buildings are modern, situated in spacious and attractive grounds, commanding superb views of Long Island Sound, and surrounding hill country. The institution is conducted on a liberal scale, and the accommodations, table, attendance, nursing, and all appointments are suited to first-class patients. The purpose of the institution is to continue home life under proper medical care and the guidance needed in each individual case.

The department for Alcoholics and Narcotics is well equipped, separate and detached. By applying to the managers the patient may be committed for a year, if so desired.

SYNOPSIS OF THE MEDICAL LAWS.

According to the act approved May 25, 1893, the State Board of Health was empowered to appoint three Examining Committees on the nominations of the Connecticut Medical Society, the Connecticut Homoeopathic Medical Society and the Connecticut Eclectic Medical Association respectively and to designate when and where said committees should hold examinations. Since 1897 all applicants to practice medicine or surgery must be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosis and therapeutics, including practice and materia medica. Each committee shall frame its own questions and conduct its examination in writing and both questions and answers are filed with the State Board of Health. Each applicant shall have the right to choose which of the three committees shall be the one by whom he shall be examined, but before taking such examination he shall pay to the committee their expenses, not exceeding $10. An applicant, after being rejected by any of said Examining Committees shall not be eligible to examination by another Committee of Examination until after the expiration of twelve months.—Journal of the American Medical Association.

In 1901 the law was amended as follows:

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section eight of chapter CLVIII of the Public Acts of 1893 is hereby amended to read as follows: The said examining committees shall hold three regular examinations in each year, as follows: One on the second Tuesday of March, one on the second Tuesday of July, and one on the second Tuesday of November, at such places as they may designate, and such additional meetings and at such places as they shall determine. Applicants to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosis, and therapeutics, including practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be placed on file with the State Board of Health. Each applicant shall have the right to choose which of the three committees shall be the one by whom he shall be examined; but before taking such examination he shall pay to the committee the sum of fifteen dollars, provided, however, that the fee for examination in midwifery alone shall be ten dollars. An applicant, after having been rejected by any of said Examining Committees, shall not be eligible to examination by another Committee of Examination until after the expiration of twelve months.

Sec. 2. Section one of chapter CLXXXVII of the Public Acts of 1897 is hereby amended by adding at the end of the section the following: "And no person shall be eligible to said examination until he presents evidence to the Examining Committee by whom he is to be examined, satisfactory to said committee, that he has received a diploma from some legally incorporated medical college," so that it shall read as follows: No person, after the passage of this act, shall obtain or receive a certificate of registration as required by the provisions of chapter CLVIII of the Public Acts of 1893, until he has passed a satisfactory examination before one of the Examining Committees appointed for the purpose under the provisions of said act, nor until he has complied with the other requirements of said act; and no person shall be eligible to said examination until he presents evidence to the Examining Committee by whom he is to be examined, satisfactory to said committee, that he has received a diploma from some legally incorporated medical college.

Sec. 3. The secretary of the State Board of Health, upon the written request of all of the members of any one of the Examining Committees provided for by chapter CLVIII of the Public Acts of 1893, shall have authority to revoke and cancel the certificate of registration of any person convicted of any crime in the practice of his professional business, or convicted of a felony, provided, however, that no one of the Examining Committees shall have the right to request the revocation and cancellation of a certificate granted upon the examination of any one of the other Examining Committees.

Approved June 11, 1901.

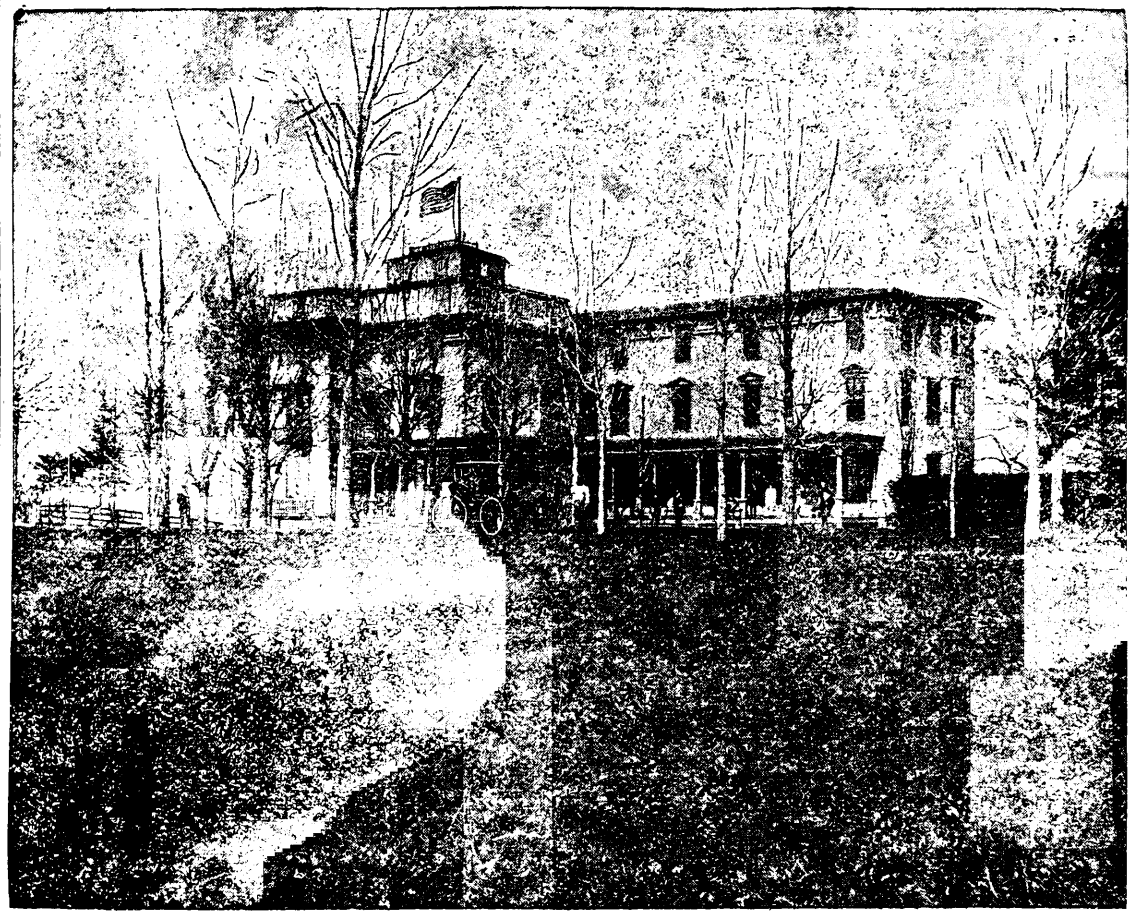
WALNUT LODGE HOSPITAL

HARTFORD, CONN.



Organized in 1880 as a Private Hospital for the Special Cure and Treatment of Alcohol and Opium Inebriates. This institution is based on the modern view that **Inebriety** is a **Disease**, and **Curable**, and that the best results are obtained in the treatment of these cases in small hospitals, where each case can receive the individual care of the physician.

This Institution is finely situated on the outskirts of the city, and the rooms are all large, heated with steam, and lighted with gas, and arranged for comfort, so that each one can have all the advantages of a large asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system, and includes

TURKISH, ROMAN, ELECTRICAL AND SALINE BATHS.

Experience shows that a large proportion of cases who come for treatment, and earnestly use all the means provided, are permanently restored. Each case is treated individually, and the special care and restraint is adapted to the needs of each one. Only a limited number of cases are received, and every patient is under the direct, personal care of an attendant and the physician.

Applications for admission, and all letters of inquiry, should be addressed

EIGHTH YEAR—DR. BROOKS' SANATORIUM, NEW CANAAN, CONN.

FOR THE TREATMENT OF DISEASE OF THE LUNGS.

Please note that this Institution is not a Sanitarium for the care, but a Sanatorium for the modern and scientific treatment of disease of the lungs. The strictest, physiologic and systematic hygienic regimen is enjoined, under constant, painstaking, medical supervision and efficient nursing. Aerotherapy, "Liege und Dauerluftkur," hydrotherapy, suralimentation and inhalation-therapy find here an exemplification in the truest acceptation of the terms. It is hardly necessary to state that every attention is paid to sanitation and prophylaxis. The Institution is ideally located in a region of open country, long noted for its fresh, pure and invigorating atmosphere. For illustrated prospectus and further particulars, address,

THE NEW YALE UNIVERSITY CLINIC

Maternity and Operating Theatre of the New Haven Hospital at the left.

The Medical Department of Yale University was chartered in 1810, and has graduated a class each year since 1811. The school offers candidates for the degree of Doctor of Medicine a four years graded course of instruction. The laboratories are well equipped for thorough systematic work, and the clinical work is personal and practical. For information concerning the curriculum and the requirements for entrance and graduation, apply to the

DELAWARE.

CAPITAL, DOVER.

Population of State, 184,735.
(U. S. Census of 1900.)
Number of Physicians, 259.

Delaware is bounded on the north by Pennsylvania, on the west and south by Maryland, and on the east by the Atlantic ocean and the Delaware river and bay, and extends from 38 degrees 28 minutes, to 39 degrees 50 minutes N. latitude. It is one of the thirteen original States, and comprises an area of 2,120 square miles, or 1,356,800 acres. It occupies the northeastern portion of the peninsula which separates Delaware bay from Chesapeake bay, and which forms a plain of but little elevation above the sea level. Through the center of this peninsula extends from north to south a broad swell of the ground, somewhat higher than the sea coast, and covered with swampy tracts, from which the small streams issue. Delaware includes a portion of this higher ground and thus forms a plain gently inclining from the west to the shores of Delaware bay on the east. The climate is mild, the mean annual temperature being about 53 degrees.

The following table shows increase in population for 40 years:

1860	112,216	1880	146,608

SYNOPSIS OF MEDICAL LAWS.

There is a medical council consisting of the chief justice of the state and the presidents of the two state boards of medical examiners. These boards are appointed by the governor from lists submitted by the Medical Society of Delaware, and by the Homeopathic Medical Society of Delaware State and Peninsula. Each consists of five members representing their respective state societies. Certificates for license to practice medicine are issued by the medical council to those who pass a satisfactory examination upon questions selected by it from lists furnished by the boards.

"Section 13. From and after the passage of this act any person not heretofore authorized to practice medicine and surgery in this state, and desiring to enter upon such practice, shall deliver to the secretary of the medical council, upon the payment of a fee of $10, a written application for examination, together with satisfactory proof that the applicant is more than 21 years of age, is of good moral character, has obtained a competent common school education, and has received a diploma conferring the degree of medicine from some legally incorporated medical college. Applicants who have received their degree in medicine after the passage of this act must have pursued the study of medicine for at least four years, including three regular courses of lectures in different years, in some legally incorporated medical college or colleges prior to the granting of said diploma. Such proof, if required, shall be made upon affidavit. Upon making of said payment and proof, the medical council shall issue to said applicant an order for examination before such one of the state boards of medical examiners as the applicant for certificate may select. In case of failure at any such examination the candidate, after the expiration of six months and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination said application shall be withdrawn the said $10 shall upon demand be returned."

"Section 15. The clerk of the peace of any of the counties of this state shall issue a license signed by the governor and countersigned by the secretary of state and sealed with the seal of this office, certifying that such person is authorized to practice medicine and surgery in that state, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this act, or who shall have been qualified in one of the counties of this state prior to the passage of this act, and to no other person."

"Section 16. The provisions of this act shall not apply to physicians who are practitioners of any other state coming into this state in consultation with any lawful practitioner of medicine and surgery in this state."

Penalty for illegal practice: fine of not more than $500 or less than $100 or imprisonment not exceeding one year. A supplementary act passed April 18, 1895, provides:

"Section 1. The Medical Council of Delaware may refuse to issue a certificate for a license to practice medicine or surgery or may revoke a certificate issued for a license to practice medicine for the following causes, to-wit: Chronic and persistent inebriety, the practice of criminal abortion; conviction of a crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic incurable diseases, or where any person shall present to the said medical council any diploma, license or certificate that shall have been illegally obtained or that shall have been signed or issued unlawfully or under fraudulent representation; in complaints for violating the provisions of this section the accused person shall be furnished with a copy of the complaint and given a hearing before the said medical council in person or by attorney."

"Section 2. Applicants examined and licensed by, or who are, or have been members of state examining and licensing boards of other states, upon the payment of $50 to the treasurer of the Medical Council of Delaware and on filing with the secretary of said medical council a copy of his or her license or certificate certified to by the affidavit of the president and secretary of such board, showing also that the standard of requirements of the said board at the time the said license or certificate was issued, was substantially the same as that required by the said Medical Council of Delaware, and of his or her affidavit as to the personality thereof, may be granted a certificate for a license to practice medicine and surgery by the said medical council upon the recommendation of the said board of medical examiners without further examinations thereby." (Reciprocity has been established with New Jersey.)

"Section 3. The state treasurer shall pay the sum of $300 per annum, in quarterly payments of $75 each, to the treasurer of the Medical Council of Delaware, who shall apportion and pay the same to the members of the said boards for their necessary expenses, and in addition $5 per day for each member for every meeting attended, but said per diem shall not exceed in any one year more than $25."

The applicant must be at least 21 years of age, must have a competent common school education, and must have a diploma conferring the degree of Doctor of Medicine from some legally incorporated medical college. Applicants who have received their degree since the passage of this act must have pursued the study of medicine for at least four years, including three regular courses of lectures in different years, prior to the granting of said diploma. Applicants must furnish satisfactory proof of good moral character. The examinations are conducted in writing. The boards of examiners meet at Dover on the third Tuesday of June, and the second Tuesday of December each year. The sessions last three days. No provision is made for granting unexamined candidates permits to practice in the intervals between the meetings of the boards of examiners. Subjects examined upon: Anatomy, physiology, hygiene, chemistry, surgery, obstetrics, practice of medicine, pathology, diagnosis, therapeutics, and materia medica. Examination fee, $10. P. W. Tomlinson, M. D., secretary of the medical council, Wilmington. Applicants must present their diplomas to the board.—Journal of the American Medical Association.

The instruction in the school is given by lectures, recitations, laboratory and clinical work. The new Hospital and new Medical School Buildings, just completed, are but a few steps from the different lines of cars, which give direct and quick communication with all the other hospitals of the city, as well as libraries and public buildings.

Students have every opportunity to make use of the clinical and library advantages, especially the world-renowned Army Medical Museum and Library and other advantages that Washington offers.

For announcement and further information, address

DR. D. KERFOOT SHUTE, DEAN,

THE MEDICAL SCHOOL

AND DENTAL DEPARTMENT OF

Georgetown University

IN THE CITY OF WASHINGTON.

The demands of modern medical education are such that the Faculty has found it necessary to extend the hours of instruction; the 54th session will begin, therefore, October 1, 1904, and continue throughout the day for eight months.

A large corps of teachers in proportion to the number of students makes instruction more directly personal and adapted to the special needs of the individual. The clinical facilities of the University Hospital and other City and Government Hospitals are ample, and the laboratories are well equipped.

Special attention is called to the educational advantages of the National Capital, with its unrivalled libraries, the Army Medical Museum, the Museum of Hygiene and the United States National Museum and the various scientific laboratories which are open to students.

FACULTY:

JOSEPH TABER JOHNSON, A. M., M. D., PH. D.,
Professor of Gynæcology and Abdominal Surgery; Vice-President of the Faculty.

GEORGE M. KOBER, M. D.,
Professor of Hygiene and State Medicine; Dean and Treasurer of the Faculty.

SUMMARY OF LAWS AND RULES REGULATING THE PRACTICE OF MEDICINE AND MIDWIFERY IN THE DISTRICT OF COLUMBIA.

1. RESTRICTIONS.

No person can lawfully practice medicine in the District of Columbia unless licensed to do so by the board of medical supervisors.

Exceptions.—The above restriction does not apply in the following cases:

First.—To commissioned surgeons of the United States army, navy and the marine hospital service.

Second—To regularly licensed physicians and surgeons in actual consultation from States or Territories.

Third—To regularly licensed physicians and surgeons called from States or Territories to attend specified cases in the District of Columbia.

Fourth—To the treatment of cases of actual emergency.

Fifth—To the practice of massage or the so-called "Swedish Movement Cure."

Sixth—To the use of ordinary domestic remedies without fee, gift or consideration.

2. LICENSING BOARDS, ETC.

The board of medical supervisors issues and, in proper cases, revokes licenses to practice medicine and to practice midwifery, and supervises all examinations. It is made up of three physicians and two laymen. The three physicians are members of the board of medical supervisors by reason of election to the presidencies of the three boards of medical examiners. The laymen, one of whom must be a lawyer, are appointed members of the board by the commissioners of the District of Columbia.

The board of medical examiners, the board of homeopathic medical examiners and the board of eclectic medical examiners conduct all examinations; under the direction of the board of medical supervisors. Each examining board is made up of five physicians appointed by the commissioners of the District of Columbia. Each board elects a president, and he is, ex-officio, a member of the board of medical supervisors.

The board of examiners in midwifery is made up of three physicians appointed from time to time by the board of medical supervisors.

3. LICENSES.

Licenses to practice medicine and surgery are issued in three series, as follows:

Series A—To physicians exempted from examination by reason of registration at the Health Office of the District of Columbia prior to the enactment of the law now in force that is, prior to June 3, 1896.

DR. HOLLINGER SANITARIUM, NEW ALBANY, INDIANA.
I. C. HOLLINGER, M. D., Medical Superintendent.
A private, home-like Institution, for the TREATMENT and CURE of NERVOUS and CHRONIC DISEASES resulting from the excessive use of Liquor, Morphine and Cocaine. (See adv. in Indiana.)

Series D—To physicians exempted from examination by reason of licenses issued by States and Territories maintaining reciprocal relations with the District of Columbia in the matter of licenses to practice medicine.

Series C—To physicians belonging to neither of the foregoing classes, who can obtain licenses only after examination.

Licenses to practice midwifery are issued in two series:

Series A—To midwives exempted from examination by reason of registration at the Health Office of the District of Columbia prior to the enactment of the law now in force, that is, June 3, 1896.

Series C—To midwives who can obtain licenses only after examination.

All licenses whatsoever must be recorded with the Clerk of the Supreme Court of the District of Columbia and registered at the Health Department of said District before the licentiate can begin practice lawfully.

Licenses of all kinds may be refused or revoked by the board of medical supervisors for cause.

4. RECIPROCITY.

Physicians duly licensed by state and territorial boards of medical examiners can, upon changing their residences to the District of Columbia, obtain licenses to practice medicine and surgery therein, without fee and without examination, if the states and territories by which their licenses were issued grant equal privileges to licentiates of the Board of Medical Supervisors of the District of Columbia.

5. APPLICATIONS.

All applications must be made on forms provided by the Board of Medical Supervisors. Applications for licenses to practice medicine which involve the examination of the applicant must be filed with the secretary of the Board of Medical Supervisors not less than two weeks prior to the examination at which the applicant desires to appear, and must be accompanied by a fee of ten dollars. Applications for all other forms of licenses, including those to practice midwifery, are made without the payment of fee.

6. QUALIFICATIONS OF APPLICANTS.

For qualifications of applicants for licenses to practice medicine other than Series C, see paragraph 3.

Applicants for licenses to practice medicine who must submit to examination must furnish, with their application, proof of good moral character and of being more than twenty-one years of age. They must present with such application a diploma conferring the degree of Doctor of Medicine, issued by some college authorized by law to confer such degree, and, if such diploma was issued on or before June 30, 1898, must furnish evidence of at least three years' study of medicine and surgery prior to the issue thereof; or, if such diploma was issued subsequent to that date, they must furnish evidence of having studied medicine not less than four years prior to the date of the diploma submitted.

Women asking, through examination, licenses to practice midwifery must be able to read and write, and must furnish with their applications satisfactory evidence of good moral character; of being not less than twenty-one years of age; and of being either graduated trained nurses, or of having been regularly engaged as an obstetric nurse for not less than two years, and in either case of having been in regular attendance in their capacity as nurses upon not less than five cases of confinement under the care of physicians.

7. EXAMINATIONS.

Examinations of applicants for licenses to practice medicine are held regularly, commencing on the second Thursdays of January, April, July and October. Each examination is written and oral, and lasts not less than four days. The examination covers anatomy, physiology, chemistry, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics and gynecology, diseases of the eye and the ear, medical jurisprudence, toxicology, and bacteriology. The Board of Medical Supervisors has authority to add other branches. Examinations in the branches above mentioned are divided into eight sections. In marking, the written examination counts seventy-five and the oral examination twenty-five, on a scale of one hundred. An applicant must attain an average of not less than fifty per cent in every section and a general average of not less than seventy-five per cent in order to be entitled to a license. An applicant having a general average of seventy-five per cent or more, but an average in one section of less than fifty per cent, may be given an immediate re-examination in that section, provided his average in it is not less than thirty-three and a third per cent. If, however, his average is less than thirty-three and a third per cent, or if he has attained an average of less than fifty per cent in more than one section, no license will be issued, no matter what the general average may be.

Examinations of applicants for licenses to practice midwifery are held regularly, commencing on the second Thursdays in January and July. They are oral and cover the following subjects:

1. The management of normal labor.
2. The care of the mother and child during an uncomplicated puerperal period.
3. The recognition before confinement of pathological conditions of the mother which are likely to complicate labor, and during labor and the puerperal period, of pathological conditions of both mother and child, and the duties of midwives with reference to such conditions.

An applicant, in order to secure a license, must attain a general average of not less than seventy-five per cent.

FLORIDA.

CAPITAL, TALLAHASSEE.

Population of State, 528,542.
(U. S. Census of 1900.)
Number of Physicians, 716.

Florida is the extreme southeastern state of the Union, and is bounded on the north by Alabama and Georgia, east by the Atlantic ocean and south and west by the gulf of Mexico and Alabama. It includes the peninsula of Florida, which extends from its northern boundary 350 miles in a southeasterly direction between the Atlantic and gulf and west Florida, a narrow region extending along the gulf to the Perdido river. The peninsula has a nearly uniform width of a little more than 100 miles and extends from 25 degrees to 30 degrees north latitude. The climate of Florida approximates to that of the intertropical regions generally. The average summer temperature is 80 degrees, the winter 65 degrees, rising at Key West to 70 degrees. Along the coast the heat is tempered by the sea breezes, and the winters are so genial that the state has long been the resort of thousands desiring to escape the rigors of the northern winter. The most handsomely appointed winter resort hotels in the world are located here. The annual rainfall averages 55 inches. Three-fourths of this falls between April and October, which is the rainy season. The surface of the state is generally level, slightly undulating, no part rising to an elevation of more than 250 feet above the sea level. The southern portion is generally level and swampy, a great portion of which is broken by the Everglades, a vast swampy field of coarse grass and aquatic plants lying south of Lake Okechobee. The Atlantic and gulf coasts are covered by forests of cypress, live oak and cedar on the lowlands and pine on the sand ridges. That portion lying north of latitude 28 degrees is generally undulating and wooded. The vegetation is of the richest and most varied character and the flowers and fruits of both the temperate and tropical zones grow in utmost profusion.

Florida comprises an area of 59,268 square miles, or 37,931,520 acres.

The following table shows increase in population for 50 years:

1850	87,455	1880	269,493
1860	140,424	1890	391,422
1870	187,748	1900	528,542

Florida is famous for the number, size and variety of its mineral springs.

There were 9,610 births, 6,493 marriages, and 5,949 deaths in Florida during 1900. The population of the state is 528,542, which gives a birth rate of 17.99 and a death rate of 11.24 per 1,000.

MEDICAL LAWS OF FLORIDA.

There are nine Boards of Medical Examiners, one representing each of the seven judicial districts, one the Homeopaths and one the Eclectics.

CHAPTER 4419—1895.

AN ACT TO AMEND SECTION 806, CHAPTER 4, REVISED STATUTES OF THE STATE OF FLORIDA.

Be it enacted by the Legislature of the State of Florida:

Section 1. That section 806, chapter 4, of the Revised Statutes of the State of Florida, be amended so as to read as follows:

Section 806. Examinations. It shall be the duty of said Board of Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his medical diploma from a recognized college or in the event said applicant shall have lost his diploma, or the same shall have been destroyed prior to the year 1870, then upon satisfactory evidence to such board of such loss or destruction, upon the following subjects: Anatomy, physiology, gynaecology, surgery, therapeutics, obstetrics and chemistry, but no preference shall be given to any school of medicine: Provided, That it shall be the duty of the Board of Homeopathic Medical Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his diploma from a college recognized by the American Institute of Homeopathy, upon the following subjects: Anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry, and no preference shall be given to any school of medicine.

Approved May 17, 1895

CHAPTER 4540—1897.

AN ACT TO PRESCRIBE THE MODE OF ISSUING TEMPORARY CERTIFICATES OF QUALIFICATION BY THE BOARDS OF MEDICAL EXAMINERS, DEFINING THE DUTIES OF THE MEMBERS AND SECRETARIES OF THE SAME, AND PRESCRIBING A PUNISHMENT FOR A BREACH THEREOF.

Be it enacted by the Legislature of the State of Florida:

Section 1. That any member of the several Boards of Medical Examiners in this State, shall be authorized to grant a temporary certificate of qualification to any applicant desiring to practice medicine in this State, upon examination, until the next regular meeting of the board: Provided, however, That the applicant has never before received a similar certificate from any member of the several boards. All temporary certificates shall cease to be of force at the regular meeting next after the granting of the same.

Sec. 2. It shall be the duty of the member granting a temporary certificate to notify the secretary of the board of which he is a member of his action, and it shall be the duty of the said secretary to notify the secretaries of the several other boards of the granting of said certificate.

Sec. 3. Any member or secretary of the said several boards who shall be found violating the provisions of this act, upon conviction thereof, shall be fined not more than one hundred dollars, or imprisoned for not more than sixty days, or by both such fine and imprisonment.

Sec. 4. That all laws or parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Approved June 5, 1897.

CHAPTER 4697—1899.

AN ACT TO LICENSE PHYSICIANS, NOT GRADUATES, WHO HAVE PRACTICED MEDICINE SUCCESSFULLY FOR FIFTEEN YEARS OR MORE IN THE STATE OF FLORIDA.

Be it enacted by the Legislature of the State of Florida:

Section 1. That when any person has practiced medicine successfully and continuously for a period of fifteen years in the State of Florida, and is of good moral character, upon proof of these facts being made to the Board of Medical Examiners of the Judicial Circuit of the State, where applicant resides, the said Board of Medical Examiners, upon the application of such physician, shall examine said applicant in any recognized school of practice that said applicant may elect to be examined in, and if such physician is found to be competent, the said Board of Medical Examiners shall issue to such applicant a certificate as is now provided for by law.

Sec. 2. All laws or parts of laws in conflict with this law are hereby repealed.

Sec. 3. This act to take effect after its passage and approval by the Governor.

Approved May 27, 1899.

CHAPTER 4698—1899.

AN ACT TO PROVIDE FOR A STATE BOARD OF MEDICAL EXAMINERS FOR THE ECLECTIC SCHOOL OF MEDICINE AND TO PRESCRIBE THE QUALIFICATIONS, DUTIES AND POWERS OF SAID BOARD.

Be it enacted by the Legislature of the State of Florida:

Section 1. The Governor shall appoint a Board of Eclectic Medical Examiners for the State at large; said Board shall be composed of three practicing Eclectic physicians of known ability, who shall be graduates of a college of the Eclectic School of Medicine.

Sec. 2. The said Board of Eclectic Medical Examiners shall be authorized to examine all applicants who shall present a certificate of graduation (showing that such applicant has taken not less than a two years' course), from some college of the Eclectic School of Medicine, and shall not have authority to examine any applicant from any other school of medicine.

Sec. 3. The duties of the Board of Eclectic Medical Examiners, as to organization, time and place and meeting, and in all other respects, except as stated in this bill, shall be the same as the powers conferred by law on the Board of Homeopathic Medical Examiners.

Sec. 4. All laws in conflict herewith are hereby repealed.

Approved May 4, 1899.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ⟨, Dentist.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

GEORGIA.

CAPITAL, ATLANTA.

Population of State, 2,216,331.
(U. S. Census of 1900.)
Number of Physicians, 2,840.

Named in honor of George II. of England, and one of the original thrirteen state, extends from 30 degrees 21 minutes 40 seconds to 35 degrees north latitude and from 80 degrees 52 minutes to 85 degrees 35 minutes 38 seconds west longitude, and is bounded on the north by Tennessee and North Carolina, on the east by South Carolina and the Atlantic Ocean, on the south by Florida and on the west by Alabama and Florida. The population of the state, according to U. S. census of 1900, is 2,216,331, as against 1,837,353 in 1890, representing an increase since 1890 of 378,978, or 20.6 per cent.

The following table shows the increase in population since 1830:

1830	516,823	1870	1,184,109
1840	691,392	1880	1,542,180
1850	906,185	1890	1,837,353
1860	1,057,286	1900	2,216,331

The total land surface of Georgia is, approximately, 58,980 square miles, the average number of persons to the square mile at the census of 1890 and 1900 being as follows: 1890, 31.1; 1900, 37.5. Its maximum length from north to south is 320 miles and its breadth 254 miles, with 128 miles of coast line indented by numerous sounds and inlets, which separate a series of low, sandy islands from the mainland. The surface of the state presents a diversity of aspects from the low sandy beach, broad swamps and marshes, level plains covered with pine to gently undulating hills and lofty mountains. There is a decided contrast in temperature between the northern and southern portions of the state, due to the difference in height above the sea and the latitude. At Atlanta the mean annual temperature is 58.36 degrees and at Savannah 67.8 degrees. Agriculture is the most important branch of industry, while Georgia leads the Southern States in manufacturing, having valuable water power and important interests in the manufacture of textile stuffs, lumber, flour and in the smelting and manufacturing of iron.

There are a number of mineral springs in the state.

MEDICAL LAWS OF GEORGIA.

AN ACT TO ESTABLISH BOARDS OF MEDICAL EXAMINERS FOR THE STATE OF GEORGIA, TO DEFINE THEIR DUTIES AND POWERS, TO PROTECT THE PEOPLE FROM ILLEGAL AND UNQUALIFIED PRACTITIONERS OF MEDICINE AND SURGERY, TO REGULATE THE ISSUING AND RECORDING OF LICENSES, TO PRESCRIBE PENALTIES FOR THE VIOLATION OF THIS ACT, AND FOR OTHER PURPOSES

Section 1. Be it enacted by the General Assembly of Georgia, and it is hereby enacted by authority of the same, that within thirty days after the passage of this act, it shall be the duty of the Governor to appoint for this State three separate boards of medical examiners of five members each, as follows: One board to consist of five members of the regular school of medicine; one board of five members of the eclectic school of medicine; and one board of five members of the homeopathic school of medicine. The members of each of said boards shall be men learned in medicine and surgery, of good moral and professional character, and graduates of reputable medical colleges; but none of them shall be members of the faculty of any medical college. Each of said three boards shall be wholly independent of, and separate from, the other two in the performance of the duties herein required of each of said boards. A majority of each board shall constitute a quorum.

Sec. 2. Be it further enacted, that the term of office of said members shall be for the term of three years; provided, that two members of each board shall first be appointed for one year; two for two years, and one for three years; and subsequently each appointment shall be for the full term of three years. Any vacancy that may occur in said board, in consequence of death, resignation, removal from the State, or from other cause, shall be filled for the unexpired term by the Governor.

Sec. 3. Be it further enacted, that immediately, and before entering upon the duties of said office, the members of said Board of Medical Examiners shall take the following oath: "I do swear that I will faithfully perform the duties of a member of the Board of Medical Examiners for the State of Georgia to the best of my ability, so help me God," and shall file the same in the office of the Governor of the State, who, upon receiving the said oath of office, shall issue to each examiner a certificate of appointment.

Sec. 4. Be it further enacted, that immediately after the appointment and qualification of said members, each board shall meet and organize. The officers of said board shall be a president, vice-president, and secretary (who shall act as treasurer). Said officers shall be members of and elected by their respective boards. Each board shall hold two regular meetings in each year. One meeting shall be held at such time on or just before graduation day of each medical college now chartered, or that may hereafter be chartered, in this State, and the board of examiners, after consultation with the faculty of said college, shall fix a time for its meeting to suit a majority of the students graduating from said college; the other, on the second Tuesday in October. The first meeting shall be held in the city of Atlanta, and the succeeding meetings of each board may be held in such city as each board may determine for itself. Special meetings may be held upon the call of the president and two members of each board; but there shall not be less than two regular meetings in each year. Each board may prescribe rules, regulations and by-laws for its proceedings and government, and shall keep permanent record of its actions. And each board shall examine and pass upon the qualifications of applicants for the practice of medicine in the State, as herein prescribed.

Sec. 5. Be it further enacted, that it shall be the duty of each board, at any of its meetings, to examine only persons making application to it, who are graduates of an incorporated medical college, school or university, that requires not less than three full courses of study of six months each, who shall desire to commence the practice of medicine or surgery in the State, and who shall not, by the provisions of this act, be exempt from such examination; but any person now matriculated as a student of medicine at any medical college, after graduation, and any person from another State who shall have graduated prior to April 1st, 1895, at a lawfully chartered medical college requiring only two full courses of study, shall be eligible for examination and license; provided, always, that the applicant for such examination shall hold a lawfully conferred diploma from an incorporated medical college which conforms to the system of practice represented by the board to which the application shall be made; unless the applicant desires to practice a different system from that recognized in his diploma then he shall appear before the board which represents the system that he proposes to practice. But in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If the applicant desires to practice a system not represented by any of the boards hereby established, he may elect for himself the board before which he will appear for examination. When an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of ten dollars shall be paid to such board through such officer or member as it may designate by each applicant before such examination is had. In case an applicant shall fail to pass a satisfactory examination before any board, he shall not be permitted to stand any further examination before any of the boards within the next three months thereafter; nor shall he again have to pay the fee prescribed aforesaid for any subsequent examination; provided, that when, in the opinion of the president of any board, any applicant has been prevented by good cause from appearing before said board, the president and two members of said board designated by him shall constitute a committee, who shall examine such applicant, and may,

if they see fit, grant him a certificate which shall have the same force and effect as though granted by a full board, until the next regular meeting of the board, when, if the applicant fails to appear for examination, said certificate shall be void.

Sec. 6. Be it further enacted, that the fund raised from the fees aforesaid shall be applied by each examining board to the payment of its expenses and to making a reasonable compensation to the president, secretary and members thereof.

Sec. 7. Be it further enacted, that before any person who obtains a certificate from any board, or from a committee of any board, may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the office of the clerk of the superior court in the county in which he resides. But if he does not reside in the State of Georgia, he shall cause said certificate to be recorded in any county within this State in which he offers to practice. The certificate shall be recorded by the clerk in a book to be kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording a certificate shall be the same as for recording a deed.

Sec. 8. Be it further enacted, that this act shall take effect from and after the first day of January, 1895, and that it shall be unlawful thereafter for any person to commence the practice of medicine or surgery in this State without complying with the provisions of this act. But nothing in this act shall apply to persons now lawfully engaged in the practice of medicine or surgery in the State of Georgia, to any commissioned medical officer or contract surgeon of the United States army or navy or marine hospital service, in the performance of their duties as such, nor to any physician or surgeon residing in any State or Territory of the United States, or in the District of Columbia, who may be bona fide called in consultation in a special case with a legally qualified physician or surgeon residing in this State; nor shall this act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons; provided, that a non-resident physician or surgeon called in consultation in a special case, as above described, shall not be permitted to engage in continuous practice or consultation in connection with any resident physician or surgeon under any form of contract or agreement, direct or indirect.

Sec. 9. Be it further enacted, that any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall prescribe for the sick or those in need of medical or surgical aid, and shall charge or receive therefor money or other compensation or consideration, directly or indirectly; provided, however, that midwives and nurses shall not be regarded as practicing medicine or surgery.

Sec. 10. Be it further enacted, that any person who shall practice medicine or surgery in this State in violation of the provisions of this act shall, upon conviction, be punished as prescribed in section 4310 of the code of the State of Georgia for each offense; and it shall not be lawful for him to recover by action, suit, motion or warrant any compensation for service which may be claimed to have been rendered by him as such physician or surgeon.

Sec. 11. Be it further enacted, that all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

Approved December 12th, 1894.
